§ 631. Declaration of policy

(a) Aid, counsel, assistance, etc., to small business concerns

The essence of the American economic system of private enterprise is free competition. Only through full and free competition can free markets, free entry into business, and opportunities for the expression and growth of personal initiative and individual judgment be assured. The preservation and expansion of such competition is basic not only to the economic well-being but to the security of this Nation. Such security and well-being cannot be realized unless the actual and potential capacity of small business is encouraged and developed. It is the declared policy of the Congress that the Government should aid, counsel, assist, and protect, insofar as is possible, the interests of small-business concerns in order to preserve free competitive enterprise, to insure that a fair proportion of the total purchases and contracts or subcontracts for property and services for the Government (including but not limited to contracts or subcontracts for maintenance, repair, and construction) be placed with small-business enterprises, to insure that a fair proportion of the total sales of Government property be made to such enterprises, and to maintain and strengthen the overall economy of the Nation.

(b) Assistance to compete in international markets

(1) It is the declared policy of the Congress that the Federal Government, through the Small Business Administration, acting in cooperation with the Department of Commerce and other relevant State and Federal agencies, should aid and assist small businesses, as defined under this chapter, to increase their ability to compete in international markets by—

- (A) enhancing their ability to export;
- (B) facilitating technology transfers;
- (C) enhancing their ability to compete effectively and efficiently against imports;
- (D) increasing the access of small businesses to long-term capital for the purchase of new plant and equipment used in the production of goods and services involved in international trade;
- (E) disseminating information concerning State, Federal, and private programs and initiatives to enhance the ability of small businesses to compete in international markets; and
- (F) ensuring that the interests of small businesses are adequately represented in bilateral and multilateral trade negotiations.

(2) The Congress recognizes that the Department of Commerce is the principal Federal agency for trade development and export promotion and that the Department of Commerce and the Small Business Administration work together to advance joint interests. It is the purpose of this chapter to enhance, not alter, their respective roles.

(c) Aid for agriculturally related industries; financial assistance

It is the declared policy of the Congress that the Government, through the Small Business Administration, should aid and assist small business concerns which are engaged in the production of food and fiber, ranching, and raising of livestock, aquaculture, and all other farming and agricultural related industries; and the financial assistance programs authorized by this chapter are also to be used to assist such concerns.

(d) Use of assistance programs to establish, preserve, and strengthen small business concerns

(1) The assistance programs authorized by sections 636(i) and 636(j) of this title are to be utilized to assist in the establishment, preservation, and strengthening of small business concerns and improve the managerial skills employed in such enterprises, with special attention to small business concerns (1) located in urban or rural areas with high proportions of unemployed or low-income individuals; or (2) owned by low-income individuals; and to mobilize for these objectives private as well as public managerial skills and resources.

(2)(A) With respect to the programs authorized by section 636(j) of this title, the Congress finds—

(i) that ownership and control of productive capital is concentrated in the economy of the United States and certain groups, therefore, own and control little productive capital;

(ii) that certain groups in the United States own and control little productive capital because they have limited opportunities for small business ownership;

(iii) that the broadening of small business ownership among groups that presently own and control little productive capital is essential to provide for the well-being of this Nation by promoting their increased participation in the free enterprise system of the United States;

(iv) that such development of business ownership among groups that presently own and control little productive capital will be greatly facilitated through the creation of a small business ownership development program, which shall provide services, including, but not limited to, financial, management, and technical assistance.¹

(v) that the power to let Federal contracts pursuant to section 637(a) of this title can be an effective procurement assistance tool for development of business ownership among groups that own and control little productive capital; and

(vi) that the procurement authority under section 637(a) of this title shall be used only as a tool for developing business ownership among groups that own and control little productive capital.

(B) It is therefore the purpose of the programs authorized by section 636(j) of this title to—

- (i) foster business ownership and development by individuals in groups that own and control little productive capital; and

¹ So in original. The period probably should be a semicolon.

(ii) promote the competitive viability of such firms in the marketplace by creating a small business and capital ownership development program to provide such available financial, technical, and management assistance as may be necessary.

(e) Assistance to victims of floods, etc., and those displaced as result of federally aided construction programs

Further, it is the declared policy of the Congress that the Government should aid and assist victims of floods and other catastrophes, and small-business concerns which are displaced as a result of federally aided construction programs.

(f) Findings; purpose

(1) with² respect to the Administration's business development programs the Congress finds—

(A) that the opportunity for full participation in our free enterprise system by socially and economically disadvantaged persons is essential if we are to obtain social and economic equality for such persons and improve the functioning of our national economy;

(B) that many such persons are socially disadvantaged because of their identification as members of certain groups that have suffered the effects of discriminatory practices or similar invidious circumstances over which they have no control;

(C) that such groups include, but are not limited to, Black Americans, Hispanic Americans, Native Americans, Indian tribes, Asian Pacific Americans, Native Hawaiian Organizations, and other minorities;

(D) that it is in the national interest to expeditiously ameliorate the conditions of socially and economically disadvantaged groups;

(E) that such conditions can be improved by providing the maximum practicable opportunity for the development of small business concerns owned by members of socially and economically disadvantaged groups;

(F) that such development can be materially advanced through the procurement by the United States of articles, equipment, supplies, services, materials, and construction work from such concerns; and

(G) that such procurements also benefit the United States by encouraging the expansion of suppliers for such procurements, thereby encouraging competition among such suppliers and promoting economy in such procurements.

(2) It is therefore the purpose of section 637(a) of this title to—

(A) promote the business development of small business concerns owned and controlled by socially and economically disadvantaged individuals so that such concerns can compete on an equal basis in the American economy;

(B) promote the competitive viability of such concerns in the marketplace by providing such available contract, financial, technical, and management³ assistance as may be necessary; and

(C) clarify and expand the program for the procurement by the United States of articles,

supplies, services, materials, and construction work from small business concerns owned by socially and economically disadvantaged individuals.

(g) Assistance to disaster victims under disaster loan program

In administering the disaster loan program authorized by section 636 of this title, to the maximum extent possible, the Administration shall provide assistance and counseling to disaster victims in filing applications, providing information relevant to loan processing, and in loan closing and prompt disbursement of loan proceeds and shall give the disaster program a high priority in allocating funds for administrative expenses.

(h) Assistance to women owned business

(1) With respect to the programs and activities authorized by this chapter, the Congress finds that—

(A) women owned business has become a major contributor to the American economy by providing goods and services, revenues, and jobs;

(B) over the past two decades there have been substantial gains in the social and economic status of women as they have sought economic equality and independence;

(C) despite such progress, women, as a group, are subjected to discrimination in entrepreneurial endeavors due to their gender;

(D) such discrimination takes many overt and subtle forms adversely impacting the ability to raise or secure capital, to acquire managerial talents, and to capture market opportunities;

(E) it is in the national interest to expeditiously remove discriminatory barriers to the creation and development of small business concerns owned and controlled by women;

(F) the removal of such barriers is essential to provide a fair opportunity for full participation in the free enterprise system by women and to further increase the economic vitality of the Nation;

(G) increased numbers of small business concerns owned and controlled by women will directly benefit the United States Government by expanding the potential number of suppliers of goods and services to the Government; and

(H) programs and activities designed to assist small business concerns owned and controlled by women must be implemented in such a way as to remove such discriminatory barriers while not adversely affecting the rights of socially and economically disadvantaged individuals.

(2) It is, therefore, the purpose of those programs and activities conducted under the authority of this chapter that assist women entrepreneurs to—

(A) vigorously promote the legitimate interests of small business concerns owned and controlled by women;

(B) remove, insofar as possible, the discriminatory barriers that are encountered by women in accessing capital and other factors of production; and

² So in original. Probably should be capitalized.

³ So in original. Probably should be "management".

(C) require that the Government engage in a systematic and sustained effort to identify, define and analyze those discriminatory barriers facing women and that such effort directly involve the participation of women business owners in the public/private sector partnership.

(i) Prohibition on use of funds for individuals not lawfully within United States

None of the funds made available pursuant to this chapter may be used to provide any direct benefit or assistance to any individual in the United States if the Administrator or the official to which the funds are made available receives notification that the individual is not lawfully within the United States.

(j) Contract bundling

In complying with the statement of congressional policy expressed in subsection (a) of this section, relating to fostering the participation of small business concerns in the contracting opportunities of the Government, each Federal agency, to the maximum extent practicable, shall—

(1) comply with congressional intent to foster the participation of small business concerns as prime contractors, subcontractors, and suppliers;

(2) structure its contracting requirements to facilitate competition by and among small business concerns, taking all reasonable steps to eliminate obstacles to their participation; and

(3) avoid unnecessary and unjustified bundling of contract requirements that precludes small business participation in procurements as prime contractors.

EXECUTIVE ORDER NO. 11458

Ex. Ord. No. 11458, Mar. 5, 1969, 34 F.R. 4937, which related to a national program for minority business enterprise, was superseded by Ex. Ord. No. 11625, Oct. 13, 1971, 36 F.R. 19967, set out below.

EX. ORD. NO. 11625. NATIONAL PROGRAM FOR MINORITY BUSINESS ENTERPRISE

Ex. Ord. No. 11625, Oct. 13, 1971, 36 F.R. 19967, as amended by Ex. Ord. No. 12007, Aug. 22, 1977, 42 F.R. 42839, provided:

The opportunity for full participation in our free enterprise system by socially and economically disadvantaged persons is essential if we are to obtain social and economic justice for such persons and improve the functioning of our national economy.

The Office of Minority Business Enterprise, established in 1969, greatly facilitated the strengthening and expansion of our minority enterprise program. In order to take full advantage of resources and opportunities in the minority enterprise field, we now must build on this foundation. One important way of improving our efforts is by clarifying the authority of the Secretary of Commerce (a) to implement Federal policy in support of the minority business enterprise program; (b) provide additional technical and management assistance to disadvantaged business; (c) to assist in demonstration projects; and (d) to coordinate the participation of all Federal departments and agencies in an increased minority enterprise effort.

NOW, THEREFORE, by virtue of the authority vested in me as President of the United States, it is ordered as follows:

SECTION 1. *Functions of the Secretary of Commerce.* (a) The Secretary of Commerce (hereinafter referred to as “the Secretary”) shall—

(1) Coordinate as consistent with law the plans, programs, and operations of the Federal Government which affect or may contribute to the establishment, preservation, and strengthening of minority business enterprise.

(2) Promote the mobilization of activities and resources of State and local governments, businesses and trade associations, universities, foundations, professional organizations, and volunteer and other groups towards the growth of minority business enterprises, and facilitate the coordination of the efforts of these groups with those of Federal departments and agencies.

(3) Establish a center for the development, collection, summarization, and dissemination of information that will be helpful to persons and organizations throughout the Nation in undertaking or promoting the establishment and successful operation of minority business enterprise.

(4) Within constraints of law and appropriations therefor, and according to his discretion, provide financial assistance to public and private organizations so that they may render technical and management assistance to minority business enterprises, and defray all or part of the costs of pilot or demonstration projects conducted by public or private agencies or organizations which are designed to overcome the special problems of minority business enterprises or otherwise to further the purposes of this order.

(b) The Secretary, as he deems necessary or appropriate to enable him to better fulfill the responsibilities vested in him by subsection (a), may—

(1) With the participation of other Federal departments and agencies as appropriate, develop comprehensive plans and specific program goals for the minority enterprise program; establish regular performance monitoring and reporting systems to assure that goals are being achieved; and evaluate the impact of Federal support in achieving the objectives established by this order.

(2) Require a coordinated review of all proposed Federal training and technical assistance activities in direct support of the minority enterprise program to assure consistency with program goals and to avoid duplication.

(3) Convene, for purposes of coordination, meetings of the heads of such departments and agencies, or their designees, whose programs and activities may affect or contribute to the purposes of this order.

(4) Convene business leaders, educators, and other representatives of the private sector who are engaged in assisting the development of minority business enterprise or who could contribute to its development, for the purpose of proposing, evaluating and coordinating governmental and private activities in furtherance of the objectives of this order.

(5) Confer with and advise officials of State and local governments.

(6) Provide the managerial and organizational framework through which joint or collaborative undertakings with Federal departments or agencies or private organizations can be planned and implemented.

(7) Recommend appropriate legislative or executive actions.

SEC. 2. [Revoked by Ex. Ord. No. 12007, Aug. 22, 1977, 42 F.R. 42839.]

SEC. 3. *Responsibilities of Other Federal Departments and Agencies.* (a) The head of each Federal department and agency, or a representative designated by him, when and in the manner so requested by the Secretary, shall furnish information, assistance, and reports to, and shall otherwise cooperate with, the Secretary in the performance of his functions hereunder.

(b) The head of each Federal department or agency shall, when so requested by the Secretary, designate his Under Secretary or such other similar official to have primary and continuing responsibility for the participation and cooperation of that department or agency in matters concerning minority business enterprise.

(c) The officials designated under the preceding paragraph, when so requested, shall review and report to the Secretary upon the policies and programs of the minority business enterprise program, and shall keep the Secretary informed of all proposed budgets, plans and programs of his department or agency affecting minority business enterprise.

(d) The head of each Federal department or agency, or a representative designated by him, shall, to the extent provided under regulations issued by the Secretary after consultation with the official designated in paragraph (b) above, report to the Secretary on any activity that falls within the scope of the minority business enterprise program as defined herein and in those regulations.

(e) Each Federal department or agency shall, within constraints of law and appropriations therefor, continue all current efforts to foster and promote minority business enterprises and to support the program herein set forth, and shall cooperate with the Secretary of Commerce in increasing the total Federal effort.

SEC. 4. *Reports.* The Secretary shall, not later than 120 days after the close of each fiscal year, submit to the President a full report of his activities hereunder during the previous fiscal year. Further, the Secretary shall, from time to time, submit to the President his recommendations for legislation or other action as he deems desirable to promote the purposes of this order. Each Federal department or agency shall report to the Secretary as hereinabove provided on a timely basis so that the Secretary may consider such reports for his report and recommendations to the President. Each Federal department or agency shall develop and implement systematic data collection processes which will provide to the Office of Minority Business Enterprise Information Center current data helpful in evaluating and promoting the efforts herein described.

SEC. 5. *Policies and Standards.* The Secretary may establish such policies, standards, definitions, criteria, and procedures to govern the implementation, interpretation, and application of this order, and generally perform such functions and take such steps as he may deem to be necessary or appropriate to achieve the purposes and carry out the provisions hereof.

SEC. 6. *Definitions.* For purposes of this order, the following definitions shall apply:

(a) "Minority business enterprise" means a business enterprise that is owned or controlled by one or more socially or economically disadvantaged persons. Such disadvantage may arise from cultural, racial, chronic economic circumstances or background or other similar cause. Such persons include, but are not limited to, Negroes, Puerto Ricans, Spanish-speaking Americans, American Indians, Eskimos, and Aleuts.

(b) "State" means the States of the United States, the District of Columbia, the Commonwealth of Puerto Rico, the territories and possessions of the United States, and the Trust Territory of the Pacific Islands.

SEC. 7. *Construction.* Nothing in this order shall be construed as subjecting any function vested in, or assigned pursuant to law to, any Federal department or agency or head thereof to the authority of any other agent or office exclusively, or as abrogating or restricting any such function in any manner.

SEC. 8. *Prior Executive Order.* Executive Order No. 11458 of March 5, 1969, is hereby superseded.

EX. ORD. NO. 12138. NATIONAL WOMEN'S BUSINESS ENTERPRISE POLICY AND NATIONAL PROGRAM FOR WOMEN'S BUSINESS ENTERPRISE

Ex. Ord. No. 12138, May 18, 1979, 44 F.R. 29637, as amended by Ex. Ord. No. 12608, Sept. 9, 1987, 52 F.R. 34617, provided:

In response to the findings of the Interagency Task Force on Women Business Owners and congressional findings that recognize:

1. the significant role which small business and women entrepreneurs can play in promoting full employment and balanced growth in our economy;
2. the many obstacles facing women entrepreneurs; and
3. the need to aid and stimulate women's business enterprise;

By the authority vested in me as President of the United States of America, in order to create a National Women's Business Enterprise Policy and to prescribe arrangements for developing, coordinating and implementing a national program for women's business enterprise, it is ordered as follows:

1-1. RESPONSIBILITIES OF THE FEDERAL DEPARTMENTS AND AGENCIES

1-101. Within the constraints of statutory authority and as otherwise permitted by law:

(a) Each department and agency of the Executive Branch shall take appropriate action to facilitate, preserve and strengthen women's business enterprise and to ensure full participation by women in the free enterprise system.

(b) Each department and agency shall take affirmative action in support of women's business enterprise in appropriate programs and activities including but not limited to:

- (1) management, technical, financial and procurement assistance,
- (2) business-related education, training, counseling and information dissemination, and
- (3) procurement.

(c) Each department or agency empowered to extend Federal financial assistance to any program or activity shall issue regulations requiring the recipient of such assistance to take appropriate affirmative action in support of women's business enterprise and to prohibit actions or policies which discriminate against women's business enterprise on the ground of sex. For purposes of this subsection, Federal financial assistance means assistance extended by way of grant, cooperative agreement, loan or contract other than a contract of insurance or guaranty. These regulations shall prescribe sanctions for noncompliance. Unless otherwise specified by law, no agency sanctions shall be applied until the agency or department concerned has advised the appropriate person or persons of the failure to comply with its regulations and has determined that compliance cannot be secured by voluntary means.

1-102. For purposes of this Order, affirmative action may include, but is not limited to, creating or supporting new programs responsive to the special needs of women's business enterprise, establishing incentives to promote business or business-related opportunities for women's business enterprise, collecting and disseminating information in support of women's business enterprise, and insuring to women's business enterprise knowledge of and ready access to business-related services and resources. If, in implementing this Order, an agency undertakes to use or to require compliance with numerical set-asides, or similar measures, it shall state the purpose of such measure, and the measure shall be designed on the basis of pertinent factual findings of discrimination against women's business enterprise and the need for such measure.

1-103. In carrying out their responsibilities under Section 1-1, the departments and agencies shall consult the Department of Justice, and the Department of Justice shall provide legal guidance concerning these responsibilities.

1-2. ESTABLISHMENT OF THE INTERAGENCY COMMITTEE ON WOMEN'S BUSINESS ENTERPRISE

1-201. To help insure that the actions ordered above are carried out in an effective manner, I hereby establish the Interagency Committee on Women's Business Enterprise (hereinafter called the Committee).

1-202. The Chairperson of the Committee (hereinafter called the Chairperson) shall be appointed by the President. The Chairperson shall be the presiding officer of the Committee and shall have such duties as prescribed in this Order or by the Committee in its rules of procedure. The Chairperson may also represent his or her department, agency or office on the Committee.

1-203. The Committee shall be composed of the Chairperson and other members appointed by the heads of departments and agencies from among high level policy-making officials. In making these appointments, the recommendations of the Chairperson shall be taken into consideration. The following departments and agencies and such other departments and agencies as the Chairperson shall select shall be members of the Committee: the Departments of Agriculture; Commerce; Defense; Energy; Health and Human Services; Housing and Urban Development; Interior; Justice; Labor; Transportation; Treasury; the Federal Trade Commission; General Services Administration; National Science Foundation; Office of Federal Procurement Policy; and the Small Business Administration. 1-204. The Committee shall meet at least quarterly at the call of the Chairperson, and at such other times as may be determined to be useful according to the rules of procedure adopted by the Committee.

1-205. The Administrator of the Small Business Administration shall provide an Executive Director and adequate staff and administrative support for the Committee. The staff shall be located in the Office of the Chief Counsel for Advocacy of the Small Business Administration, or in such other office as may be established specifically to further the policies expressed herein. Nothing in this Section prohibits the use of other properly available funds and resources in support of the Committee.

1-3. FUNCTIONS OF THE COMMITTEE

The Committee shall in a manner consistent with law:

1-301. Promote, coordinate and monitor the plans, programs and operations of the departments and agencies of the Executive Branch which may contribute to the establishment, preservation and strengthening of women's business enterprise. It may, as appropriate, develop comprehensive interagency plans and specific program goals for women's business enterprise with the cooperation of the departments and agencies.

1-302. Establish such policies, definitions, procedures and guidelines to govern the implementation, interpretation and application of this order, and generally perform such functions and take such steps as the Committee may deem to be necessary or appropriate to achieve the purposes and carry out the provisions hereof.

1-303. Promote the mobilization of activities and resources of State and local governments, business and trade associations, private industry, colleges and universities, foundations, professional organizations, and volunteer and other groups toward the growth of women's business enterprise, and facilitate the coordination of the efforts of these groups with those of the departments and agencies.

1-304. Make an annual assessment of the progress made in the Federal Government toward assisting women's business enterprise to enter the mainstream of business ownership and to provide recommendations for future actions to the President.

1-305. Convene and consult as necessary with persons inside and outside government to develop and promote new ideas concerning the development of women's business enterprise.

1-306. Consider the findings and recommendations of government and private sector investigations and studies of the problems of women entrepreneurs, and promote further research into such problems.

1-307. Design a comprehensive and innovative plan for a joint Federal and private sector effort to develop increased numbers of new women-owned businesses and larger and more successful women-owned businesses. The plan should set specific reasonable targets which can be achieved at reasonable and identifiable costs and should provide for the measurement of progress towards these targets at the end of two and five years. Related outcomes such as income and tax revenues generated, jobs created, new products and services introduced or new domestic or foreign markets created should also be projected and measured in relation to costs wherever possible. The Committee should submit the plan to the President for approval within six months of the effective date of this Order.

1-4. OTHER RESPONSIBILITIES OF THE FEDERAL DEPARTMENTS AND AGENCIES

1-401. The head of each department and agency shall designate a high level official to have the responsibility for the participation and cooperation of that department or agency in carrying out this Executive order. This person may be the same person who is the department or agency's representative to the Committee.

1-402. To the extent permitted by law, each department and agency upon request by the Chairperson shall furnish information, assistance and reports and otherwise cooperate with the Chairperson and the Committee in the performance of their functions hereunder. Each department or agency shall ensure that systematic data collection processes are capable of providing the Committee current data helpful in evaluating and promoting the efforts herein described.

1-403. The officials designated under Section 1-401, when so requested, shall review the policies and programs of the women's business enterprise program, and shall keep the Chairperson informed of proposed budget, plans and programs of their departments or agencies affecting women's business enterprise.

1-404. Each Federal department or agency, within constraints of law, shall continue current efforts to foster and promote women's business enterprise and to support the program herein set forth, and shall cooperate with the Chairperson and the Committee in increasing the total Federal effort.

1-5. REPORTS

1-501. The Chairperson shall, promptly after the close of the fiscal year, submit to the President a full report of the activities of the Committee hereunder during the previous fiscal year. Further, the Chairperson shall, from time to time, submit to the President the Committee's recommendations for legislation or other action to promote the purposes of this Order.

1-502. Each Federal department and agency shall report to the Chairperson as hereinabove provided on a timely basis so that the Chairperson and the Committee can consider such reports for the Committee report to the President.

1-6. DEFINITIONS

For the purposes of this Order, the following definitions shall apply:

1-601. "Women-owned business" means a business that is at least 51 percent owned by a woman or women who also control and operate it. "Control" in this context means exercising the power to make policy decisions. "Operate" in this context means being actively involved in the day-to-day management.

1-602. "Women's business enterprise" means a woman-owned business or businesses or the efforts of a

woman or women to establish, maintain or develop such a business or businesses.

1-603. Nothing in subsections 1-601 or 1-602 of this Section (1-6) should be construed to prohibit the use of other definitions of a woman-owned business or women's business enterprise by departments and agencies of the Executive Branch where other definitions are deemed reasonable and useful for any purpose not inconsistent with the purposes of this Order. Wherever feasible, departments and agencies should use the definition of a woman-owned business in subsection 1-601 above for monitoring performance with respect to women's business enterprise in order to assure comparability of data throughout the Federal Government.

1-7. CONSTRUCTION

Nothing in this Order shall be construed as limiting the meaning or effect of any existing Executive order.

RONALD REAGAN.

EX. ORD. NO. 12928. PROMOTING PROCUREMENT WITH SMALL BUSINESSES OWNED AND CONTROLLED BY SOCIALLY AND ECONOMICALLY DISADVANTAGED INDIVIDUALS, HISTORICALLY BLACK COLLEGES AND UNIVERSITIES, AND MINORITY INSTITUTIONS

Ex. Ord. No. 12928, Sept. 16, 1994, 59 F.R. 48377, provided:

By the authority vested in me as President by the Constitution and the laws of the United States of America, in order to enforce rigorously the letter and spirit of public laws that promote increased participation in Federal procurement by Small Businesses Owned and Controlled by Socially and Economically Disadvantaged Individuals (SDBs) as described in section 8 of the Small Business Act (15 U.S.C. 637), Historically Black Colleges and Universities (HBCUs) as described in 34 C.F.R. 608.2, and Minority Institutions (MIs) as referred to in sections 1046(3) and 316(b)(1) of the Higher Education Act of 1965, as amended (20 U.S.C. 1135d-5(3) and 1059c(b)(1), respectively), it is hereby ordered as follows:

SECTION 1. *Policy Statement.* It is the policy of the United States Government that all department and agency heads and all Federal employees involved in the procurement of any and all goods and services shall assist SDBs, HBCUs, and MIs, as applicable, to develop viable, self-sustaining businesses capable of competing on an equal basis in the mainstream of the American economy. To that end, all Federal personnel shall commit to the letter and spirit of all laws promoting the participation of SDBs, HBCUs, and MIs in Federal procurement. The laws promote:

(a) the award of contracts to SDBs, HBCUs, and MIs through the Small Business Administration Section 8(a) [15 U.S.C. 637(a)] Program, the Department of Defense Small and Disadvantaged Business Program, other agency programs, and through other specific statutory authority or appropriate means;

(b) the establishment of particular goals for SDBs, HBCUs, or MIs on an agency-by-agency basis and the requirement that prime contractors and other recipients of Federal funds attain similar goals in their procurement; and

(c) the establishment of other mechanisms that ensure that SDBs, HBCUs, and MIs have a fair opportunity to participate in Federal procurement.

SEC. 2. *Attainment of Goals.* All departments and agencies are required by law to establish participation goals of not less than 5 percent (15 U.S.C. 644(g)) or a greater percentage where otherwise required by law, as further provided in the Office of Federal Procurement Policy Letter No. 91-1 of March 11, 1991. Although the Federal Government has made substantial strides toward meeting established SDB, HBCU, and MI participation goals, certain departments and agencies have from time to time failed to aggressively pursue such goals. Department and agency heads are henceforth directed to execute, implement, and otherwise aggressively strive to fulfill the statutorily-mandated procurement participation goals. In addition, all departments and agencies are encouraged to set reasonable participation goals that exceed statutory requirements, to the extent permitted by law.

SEC. 3. *Subcontracting Plans.* The Small Business Act, (15 U.S.C. 637(d)) and other related laws require certain prime contractors to maximize the use of SDBs in subcontracting plans and strive to achieve stated goals through prime contractors' subcontracting practices. Department and agency heads are directed to aggressively enforce these prime contractors' obligations to maximize awards of subcontracts to eligible SDBs.

SEC. 4. *Office of Small and Disadvantaged Business Utilization ("OSDBU").*

(a) Section 15(k) of the Small Business Act (15 U.S.C. 644(k)) establishes in each Federal department and agency an OSDBU and requires that the Director of the OSDBU "be responsible only to, and report directly to, the head of such agency or to the deputy of such head" (15 U.S.C. 644(k)(3)). To the extent not prohibited by law, each department and agency shall ensure that the aforementioned direct reporting requirements are henceforth vigorously enforced.

(b) Because of the importance of the OSDBU function, each department and agency shall also, to the extent not prohibited by law, comply with the Office of Federal Procurement Policy Letter No. 79-1 of March 7, 1979, which provides implementation guidance on section 15k [15(k)] and the organizational placement and functions of the OSDBU.

SEC. 5. *Anti-fraud Enforcement.* All department and agency heads shall ensure that in enforcing the laws and requirements mentioned in this order, Federal benefits or contracts intended for SDBs, HBCUs, and MIs are not awarded to entities that are not legitimate SDBs, HBCUs, and MIs. Department and agency anti-fraud enforcement, however, shall not diminish agency vigor in achieving the aforementioned participation goals, which exist to promote the development of legitimate SDBs, HBCUs, and MIs. Nothing herein is intended to change self-certification requirements.

SEC. 6. *Periodic Reports to the President.* The Administrator of the Small Business Administration and the Administrator of the Office of Federal Procurement Policy shall report to the President periodically on the progress of all departments and agencies in complying with the laws and requirements mentioned in this order.

SEC. 7. *Independent Agencies.* Independent agencies are requested to comply with the provisions of this order.

SEC. 8. This order shall be effective immediately.

Nothing in this section shall be construed to prevent the Administrator from delegating such power by order or by power of attorney, in his discretion, to any officer or agent he may appoint;

(3) Notwithstanding the provisions of sections 636(a)(4)(C) and 636(i)(1) of this title, the Administration may extend the maturity of any loan on which the Administration undertakes or suspends the obligation pursuant to this subsection for a corresponding period of time.

(4)(A) Prior to the undertaking or suspension by the Administration of any small business concern's obligation under this subsection, the Administration, consistent with the purposes sought to be achieved herein, shall require the small business concern to agree in writing to repay to it the aggregate amount of the payments which were required under the loan during the period for which such obligation was undertaken or suspended, either—

(i) by periodic payments not less in amount or less frequently falling due than those which were due under the loan during such period, or

(ii) pursuant to a repayment schedule agreed upon by the Administration and the small business concern, or

(iii) by a combination of the payments described in clause (i) and clause (ii).

(B) In addition to requiring the small business concern to execute the agreement described in subparagraph (A), the Administration shall, prior to the undertaking or suspension of the obligation, take such action, and require the small business concern to take such action as the Administration deems appropriate in the circumstances, including the provision of such security as the Administration deems necessary or appropriate to insure that the rights and interests of the lender (Small Business Administration or participant) will be safeguarded adequately during and after the period in which such obligation is so undertaken or suspended.

(f) Sale of guaranteed portion of loans by lender or subsequent holder; limitations; secondary market

(1) The guaranteed portion of any loan made pursuant to this chapter may be sold by the lender, and by any subsequent holder, consistent with regulations on such sales as the Administration shall establish, subject to the following limitations:

(A) prior to the Administration's approval of the sale, or upon any subsequent resale, of any loan guaranteed by the Administration, if the lender certifies that such loan has been properly closed and that the lender has substantially complied with the provisions of the guarantee agreement and the regulations of the Administration, the Administration shall review and approve only materials not previously approved;

(B) all fees due the Administration on a guaranteed loan shall have been paid in full prior to any sale; and

(C) each loan shall have been fully disbursed to the borrower prior to any sale.

(2) After a loan is sold in the secondary market, the lender shall remain obligated under its

guarantee agreement with the Administration, and shall continue to service the loan in a manner consistent with the terms and conditions of such agreement.

(3) The Administration shall develop such procedures as are necessary for the facilitation, administration, and promotion of secondary market operations, and for assessing the increase of small business access to capital at reasonable rates and terms as a result of secondary market operations. Beginning on March 31, 1997, the sale of the unguaranteed portion of any loan made under section 636(a) of this title shall not be permitted until a final regulation that applies uniformly to both depository institutions and other lenders is promulgated by the Administration setting forth the terms and conditions under which such sales can be permitted, including maintenance of appropriate reserve requirements and other safeguards to protect the safety and soundness of the program.

(4) Nothing in this subsection or subsection (g) of this section shall be interpreted to impede or extinguish the right of the borrower or the successor in interest to such borrower to prepay (in whole or in part) any loan made pursuant to section 636(a) of this title, the guaranteed portion of which may be included in such trust or pool, or to impede or extinguish the rights of any party pursuant to section 636(a)(6)(C) of this title or subsection (e) of this section.

(g) Trust certificates; guarantee of timely payments of principal and interest; full faith and credit of United States; collection of fees; subrogation

(1) The Administration is authorized to issue trust certificates representing ownership of all or a fractional part of the guaranteed portion of one or more loans which have been guaranteed by the Administration under this chapter, or under section 696 of this title: *Provided*, That such trust certificates shall be based on and backed by a trust or pool approved by the Administration and composed solely of the entire guaranteed portion of such loans.

(2) The Administration is authorized, upon such terms and conditions as are deemed appropriate, to guarantee the timely payment of the principal of and interest on trust certificates issued by the Administration or its agent for purposes of this subsection. Such guarantee shall be limited to the extent of principal and interest on the guaranteed portions of loans which compose the trust or pool. In the event that a loan in such trust or pool is prepaid, either voluntarily or in the event of default, the guarantee of timely payment of principal and interest on the trust certificates shall be reduced in proportion to the amount of principal and interest such prepaid loan represents in the trust or pool. Interest on prepaid or defaulted loans shall accrue and be guaranteed by the Administration only through the date of payment on the guarantee. During the term of the trust certificate, it may be called for redemption due to prepayment or default of all loans constituting the pool.

(3) The full faith and credit of the United States is pledged to the payment of all amounts which may be required to be paid under any

guarantee of such trust certificates issued by the Administration or its agent pursuant to this subsection.

(4)(A) The Administration may collect a fee for any loan guarantee sold into the secondary market under subsection (f) of this section in an amount equal to not more than 50 percent of the portion of the sale price that exceeds 110 percent of the outstanding principal amount of the portion of the loan guaranteed by the Administration. Any such fee imposed by the Administration shall be collected by the Administration or by the agent which carries out on behalf of the Administration the central registration functions required by subsection (h) of this section and shall be paid to the Administration and used solely to reduce the subsidy on loans guaranteed under section 636(a) of this title: *Provided*, That such fee shall not be charged to the borrower whose loan is guaranteed; and, *Provided further*, That nothing herein shall preclude any agent of the Administration from collecting a fee approved by the Administration for the functions described in subsection (h)(2)¹ of this section.

(B) The Administration is authorized to impose and collect, either directly or through a fiscal and transfer agent, a reasonable penalty on late payments of the fee authorized under subparagraph (A) in an amount not to exceed 5 percent of such fee per month plus interest.

(5)(A) In the event the Administration pays a claim under a guarantee issued under this subsection, it shall be subrogated fully to the rights satisfied by such payment.

(B) No State or local law, and no Federal law, shall preclude or limit the exercise by the Administration of its ownership rights in the portions of loans constituting the trust or pool against which the trust certificates are issued.

(h) Central registration of loans and trust certificates; contracts with agent; disclosures by sellers of guaranteed portions of loans; regulation of brokers and dealers; electronic registration

(1) Upon the adoption of final rules and regulations, the Administration shall—

(A) provide for a central registration of all loans and trust certificates sold pursuant to subsections (f) and (g) of this section;

(B) contract with an agent to carry out on behalf of the Administration the central registration functions of this section and the issuance of trust certificates to facilitate pooling. Such agent shall provide a fidelity bond or insurance in such amounts as the Administration determines to be necessary to fully protect the interest of the Government;

(C) prior to any sale, require the seller to disclose to a purchaser of the guaranteed portion of a loan guaranteed under this chapter and to the purchaser of a trust certificate issued pursuant to subsection (g) of this section, information on the terms, conditions, and yield of such instrument. As used in this paragraph, if the instrument being sold is a loan, the term “seller” does not include (A) an entity which made the loan or (B) any individual or entity which sells three or fewer guaranteed loans per year; and

(D) have the authority to regulate brokers and dealers in guaranteed loans and trust certificates sold pursuant to subsections (f) and (g) of this section.

(2) Nothing in this subsection shall prohibit the utilization of a book-entry or other electronic form of registration for trust certificates. The Administration may, with the consent of the Secretary of the Treasury, use the book-entry system of the Federal Reserve System.

§ 636. Additional powers

(a) Loans to small business concerns; allowable purposes; qualified business; restrictions and limitations

The Administration is empowered to the extent and in such amounts as provided in advance in appropriation Acts to make loans for plant acquisition, construction, conversion, or expansion, including the acquisition of land, material, supplies, equipment, and working capital, and to make loans to any qualified small business concern, including those owned by qualified Indian tribes, for purposes of this chapter. Such financings may be made either directly or in cooperation with banks or other financial institutions through agreements to participate on an immediate or deferred (guaranteed) basis. These powers shall be subject, however, to the following restrictions, limitations, and provisions:

(1) IN GENERAL.—

(A) CREDIT ELSEWHERE.—No financial assistance shall be extended pursuant to this subsection if the applicant can obtain credit elsewhere. No immediate participation may be purchased unless it is shown that a deferred participation is not available; and no direct financing may be made unless it is shown that a participation is not available.

(B) BACKGROUND CHECKS.—Prior to the approval of any loan made pursuant to this subsection, or section 503 of the Small Business Investment Act of 1958 [15 U.S.C. 697], the Administrator may verify the applicant's criminal background, or lack thereof, through the best available means, including, if possible, use of the National Crime Information Center computer system at the Federal Bureau of Investigation.

(2) LEVEL OF PARTICIPATION IN GUARANTEED LOANS.—

(A) IN GENERAL.—Except as provided in subparagraph (B), in an agreement to participate in a loan on a deferred basis under this subsection (including a loan made under the Preferred Lenders Program), such participation by the Administration shall be equal to—

(i) 75 percent of the balance of the financing outstanding at the time of disbursement of the loan, if such balance exceeds \$100,000; or

(ii) 80 percent of the balance of the financing outstanding at the time of disbursement of the loan, if such balance is less than or equal to \$100,000.

(B) REDUCED PARTICIPATION UPON REQUEST.—

(i) IN GENERAL.—The guarantee percentage specified by subparagraph (A) for any loan under this subsection may be reduced upon the request of the participating lender.

(ii) PROHIBITION.—The Administration shall not use the guarantee percentage requested by a participating lender under clause (i) as a criterion for establishing priorities in approving loan guarantee requests under this subsection.

(C) INTEREST RATE UNDER PREFERRED LENDERS PROGRAM.—

(i) IN GENERAL.—The maximum interest rate for a loan guaranteed under the Preferred Lenders Program shall not exceed the maximum interest rate, as determined by the Administration, applicable to other loans guaranteed under this subsection.

(ii) PREFERRED LENDERS PROGRAM DEFINED.—For purposes of this subparagraph, the term “Preferred Lenders Program” means any program established by the Administrator, as authorized under the proviso in section 634(b)(7) of this title, under which a written agreement between the lender and the Administration delegates to the lender—

(I) complete authority to make and close loans with a guarantee from the Administration without obtaining the prior specific approval of the Administration; and

(II) complete authority to service and liquidate such loans without obtaining the prior specific approval of the Administration for routine servicing and liquidation activities, but shall not take any actions creating an actual or apparent conflict of interest.

(D) PARTICIPATION UNDER EXPORT WORKING CAPITAL PROGRAM.—Notwithstanding subparagraph (A), in an agreement to participate in a loan on a deferred basis under the Export Working Capital Program established pursuant to paragraph (14)(A), such participation by the Administration shall not exceed 90 percent.

(3) No loan shall be made under this subsection—

(A) if the total amount outstanding and committed (by participation or otherwise) to the borrower from the business loan and investment fund established by this chapter would exceed \$750,000, except as provided in subparagraph (B);

(B) if the total amount outstanding and committed (on a deferred basis) solely for the purposes provided in paragraph (16) to the borrower from the business loan and investment fund established by this chapter would exceed \$1,250,000, of which not more than \$750,000 may be used for working capital, supplies, or financings under paragraph (14) for export purposes; and

(C) if effected either directly or in cooperation with banks or other lending institutions through agreements to participate on an immediate basis if the amount would exceed \$350,000.

(4) INTEREST RATES AND FEES.—

(A) INTEREST RATES.—Notwithstanding the provisions of the constitution of any State or the laws of any State limiting the rate or amount of interest which may be charged, taken, received, or reserved, the maximum legal rate of interest on any financing made on a deferred basis pursuant to this subsection shall not exceed a rate prescribed by the Administration, and the rate of interest for the Administration’s share of any direct or immediate participation loan shall not exceed the current average market yield on outstanding marketable obligations of the United States with remaining periods to maturity comparable to the average maturities of such loans and adjusted to the nearest one-eighth of 1 per centum, and an additional amount as determined by the Administration, but not to exceed 1 per centum per annum: *Provided*, That for those loans to assist any public or private organization for the handicapped or to assist any handicapped individual as provided in paragraph (10) of this subsection, the interest rate shall be 3 per centum per annum.

(B) PAYMENT OF ACCRUED INTEREST.—

(i) IN GENERAL.—Any bank or other lending institution making a claim for payment on the guaranteed portion of a loan made under this subsection shall be paid the accrued interest due on the loan from the earliest date of default to the date of payment of the claim at a rate not to exceed the rate of interest on the loan on the date of default, minus one percent.

(ii) LOANS SOLD ON SECONDARY MARKET.—If a loan described in clause (i) is sold on the secondary market, the amount of interest paid to a bank or other lending institution described in that clause from the earliest date of default to the date of payment of the claim shall be no more than the agreed upon rate, minus one percent.

(5) No such loans including renewals and extensions thereof may be made for a period or periods exceeding twenty-five years, except that such portion of a loan made for the purpose of acquiring real property or constructing, converting, or expanding facilities may have a maturity of twenty-five years plus such additional period as is estimated may be required to complete such construction, conversion, or expansion.

(6) All loans made under this subsection shall be of such sound value or so secured as reasonably to assure repayment: *Provided, however, That*—

(A) for loans to assist any public or private organization or to assist any handicapped individual as provided in paragraph (10) of this subsection any reasonable doubt shall be resolved in favor of the applicant;

(B) recognizing that greater risk may be associated with loans for energy measures as provided in paragraph (12) of this subsection, factors in determining “sound value” shall include, but not be limited to, quality of the product or service; technical qualifications of the applicant or his employees; sales projections; and the financial status of the busi-

ness concern: *Provided further*, That such status need not be as sound as that required for general loans under this subsection; and¹

(C) Repealed. Pub. L. 97-35, title XIX, § 1910, Aug. 13, 1981, 95 Stat. 778.

On that portion of the loan used to refinance existing indebtedness held by a bank or other lending institution, the Administration shall limit the amount of deferred participation to 80 per centum of the amount of the loan at the time of disbursement: *Provided further*, That any authority conferred by this subparagraph on the Administration shall be exercised solely by the Administration and shall not be delegated to other than Administration personnel.

(7) The Administration may defer payments on the principal of such loans for a grace period and use such other methods as it deems necessary and appropriate to assure the successful establishment and operation of such concern.

(8) The Administration may make loans under this subsection to small business concerns owned and controlled by disabled veterans (as defined in section 4211(3) of title 38).

(9) The Administration may provide loans under this subsection to finance residential or commercial construction or rehabilitation for sale: *Provided, however*, That such loans shall not be used primarily for the acquisition of land.

(10) The Administration may provide loans under this subsection to assist any public or private organization for the handicapped or to assist any handicapped individual in establishing, acquiring, or operating a small business concern.

(11) The Administration may provide loans under this subsection to any small business concern, or to any qualified person seeking to establish such a concern when it determines that such loan will further the policies established in section 631(c)² of this title, with particular emphasis on the preservation or establishment of small business concerns located in urban or rural areas with high proportions of unemployed or low-income individuals or owned by low-income individuals.

(12)(A) The Administration may provide loans under this subsection to assist any small business concern, including start up, to enable such concern to design architecturally or engineer, manufacture, distribute, market, install, or service energy measures: *Provided, however*, That such loan proceeds shall not be used primarily for research and development.

(b)³ The Administration may provide deferred participation loans under this subsection to finance the planning, design, or installation of pollution control facilities for the purposes set forth in section 404 of the Small Business Investment Act of 1958 [15 U.S.C. 694-1]. Notwithstanding the limitation expressed in paragraph (3) of this subsection, a loan made under this paragraph may not result in a total amount outstanding and com-

mitted to a borrower from the business loan and investment fund of more than \$1,000,000.

(13) The Administration may provide financings under this subsection to State and local development companies for the purposes of, and subject to the restrictions in, title V of the Small Business Investment Act of 1958 [15 U.S.C. 695 et seq.].

(14)(A) The Administration may provide extensions of credit, standby letters of credit, revolving lines of credit for export purposes, and other financing to enable small business concerns, including small business export trading companies and small business export management companies, to develop foreign markets. A bank or participating lending institution may establish the rate of interest on such financings as may be legal and reasonable.

(B) When considering loan or guarantee applications, the Administration shall give weight to export-related benefits, including opening new markets for United States goods and services abroad and encouraging the involvement of small businesses, including agricultural concerns, in the export market.

(C) The Administration shall aggressively market its export financing program to small businesses.

(15)(A) The Administration may guarantee loans under this subsection to qualified employee trusts with respect to a small business concern for the purpose of purchasing stock of the concern under a plan approved by the Administrator which, when carried out, results in the qualified employee trust owning at least 51 per centum of the stock of the concern.

(B) The plan requiring the Administrator's approval under subparagraph (A) shall be submitted to the Administration by the trustee of such trust with its application for the guarantee. Such plan shall include an agreement with the Administrator which is binding on such trust and on the small business concern and which provides that—

(i) not later than the date the loan guaranteed under subparagraph (A) is repaid (or as soon thereafter as is consistent with the requirements of section 401(a) of title 26), at least 51 per centum of the total stock of such concern shall be allocated to the accounts of at least 51 per centum of the employees of such concern who are entitled to share in such allocation,

(ii) there will be periodic reviews of the role in the management of such concern of employees to whose accounts stock is allocated, and

(iii) there will be adequate management to assure management expertise and continuity.

(C) In determining whether to guarantee any loan under this paragraph, the individual business experience or personal assets of employee-owners shall not be used as criteria, except inasmuch as certain employee-owners may assume managerial responsibilities, in which case business experience may be considered.

(D) For purposes of this paragraph, a corporation which is controlled by any other per-

son shall be treated as a small business concern if such corporation would, after the plan described in subparagraph (B) is carried out, be treated as a small business concern.

(E) The Administration shall compile a separate list of applications for assistance under this paragraph, indicating which applications were accepted and which were denied, and shall report periodically to the Congress on the status of employee-owned firms assisted by the Administration.

(16)(A) The Administration may guarantee loans under this paragraph to assist any eligible small business concern in an industry engaged in or adversely affected by international trade in the financing of the acquisition, construction, renovation, modernization, improvement or expansion of productive facilities or equipment to be used in the United States in the production of goods and services involved in international trade, if the Administration determines that the appropriate upgrading of plant and equipment will allow the concern to improve its competitive position. Each such loan shall be secured by a first lien position or first mortgage on the property or equipment financed by the loan.

(B) A small business concern shall be considered to be engaged in or adversely affected by international trade for purposes of this provision if such concern is, as determined by the Administration in accordance with regulations that it shall develop—

(i) in a position to significantly expand existing export markets or develop new export markets; or

(ii) adversely affected by import competition in that it is—

(I) confronting increased direct competition with foreign firms in the relevant market; and

(II) can demonstrate injury attributable to such competition.

(17) The Administration shall authorize lending institutions and other entities in addition to banks to make loans authorized under this subsection.

(18) GUARANTEE FEES.—

(A) IN GENERAL.—With respect to each loan guaranteed under this subsection (other than a loan that is repayable in 1 year or less), the Administration shall collect a guarantee fee, which shall be payable by the participating lender and may be charged to the borrower, in an amount equal to the sum of—

(i) 3 percent of the amount of the deferred participation share of the loan that is less than or equal to \$250,000;

(ii) if the deferred participation share of the loan exceeds \$250,000, 3.5 percent of the difference between—

(I) \$500,000 or the total deferred participation share of the loan, whichever is less; and

(II) \$250,000; and

(iii) if the deferred participation share of the loan exceeds \$500,000, 3.875 percent of the difference between—

(I) the total deferred participation share of the loan; and

(II) \$500,000.

(B) EXCEPTION FOR CERTAIN LOANS.—Notwithstanding subparagraph (A), if the total deferred participation share of a loan guaranteed under this subsection is less than or equal to \$80,000, the guarantee fee collected under subparagraph (A) shall be in an amount equal to 2 percent of the total deferred participation share of the loan.

(19)(A) In addition to the Preferred Lenders Program authorized by the proviso in section 634(b)(7) of this title, the Administration is authorized to establish a Certified Lenders Program for lenders who establish their knowledge of Administration laws and regulations concerning the guaranteed loan program and their proficiency in program requirements. The designation of a lender as a certified lender shall be suspended or revoked at any time that the Administration determines that the lender is not adhering to its rules and regulations or that the loss experience of the lender is excessive as compared to other lenders, but such suspension or revocation shall not affect any outstanding guarantee.

(B) In order to encourage all lending institutions and other entities making loans authorized under this subsection to provide loans of \$50,000 or less in guarantees to eligible small business loan applicants, the Administration shall develop and allow participating lenders to solely utilize a uniform and simplified loan form for such loans.

(C) AUTHORITY TO LIQUIDATE LOANS.—

(i) IN GENERAL.—The Administrator may permit lenders participating in the Certified Lenders Program to liquidate loans made with a guarantee from the Administration pursuant to a liquidation plan approved by the Administrator.

(ii) AUTOMATIC APPROVAL.—If the Administrator does not approve or deny a request for approval of a liquidation plan within 10 business days of the date on which the request is made (or with respect to any routine liquidation activity under such a plan, within 5 business days) such request shall be deemed to be approved.

(20)(A) The Administration is empowered to make loans either directly or in cooperation with banks or other financial institutions through agreements to participate on an immediate or deferred (guaranteed) basis to small business concerns eligible for assistance under subsection (j)(10) of this section and section 637(a) of this title. Such assistance may be provided only if the Administration determines that—

(i) the type and amount of such assistance requested by such concern is not otherwise available on reasonable terms from other sources;

(ii) with such assistance such concern has a reasonable prospect for operating soundly and profitably within a reasonable period of time;

(iii) the proceeds of such assistance will be used within a reasonable time for plant construction, conversion, or expansion, including the acquisition of equipment, facilities,

machinery, supplies, or material or to supply such concern with working capital to be used in the manufacture of articles, equipment, supplies, or material for defense or civilian production or as may be necessary to insure a well-balanced national economy; and

(iv) such assistance is of such sound value as reasonably to assure that the terms under which it is provided will not be breached by the small business concern.

(B)(i) No loan shall be made under this paragraph if the total amount outstanding and committed (by participation or otherwise) to the borrower would exceed \$750,000.

(ii) Subject to the provisions of clause (i), in agreements to participate in loans on a deferred (guaranteed) basis, participation by the Administration shall be not less than 85 per centum of the balance of the financing outstanding at the time of disbursement.

(iii) The rate of interest on financings made on a deferred (guaranteed) basis shall be legal and reasonable.

(iv) Financings made pursuant to this paragraph shall be subject to the following limitations:

(I) No immediate participation may be purchased unless it is shown that a deferred participation is not available.

(II) No direct financing may be made unless it is shown that a participation is unavailable.

(C) A direct loan or the Administration's share of an immediate participation loan made pursuant to this paragraph shall be any secured debt instrument—

(i) that is subordinated by its terms to all other borrowings of the issuer;

(ii) the rate of interest on which shall not exceed the current average market yield on outstanding marketable obligations of the United States with remaining periods to maturity comparable to the average maturities of such loan and adjusted to the nearest one-eighth of 1 per centum;

(iii) the term of which is not more than twenty-five years; and

(iv) the principal on which is amortized at such rate as may be deemed appropriate by the Administration, and the interest on which is payable not less often than annually.

(21)(A) The Administration may make loans on a guaranteed basis under the authority of this subsection—

(i) to a small business concern that has been (or can reasonably be expected to be) detrimentally affected by—

(I) the closure (or substantial reduction) of a Department of Defense installation; or

(II) the termination (or substantial reduction) of a Department of Defense program on which such small business was a prime contractor or subcontractor (or supplier) at any tier; or

(ii) to a qualified individual seeking to establish (or acquire) and operate a small business concern.

(B) Recognizing that greater risk may be associated with a loan to a small business concern described in subparagraph (A)(i), any reasonable doubts concerning the firm's proposed business plan for transition to nondefense-related markets shall be resolved in favor of the loan applicant when making any determination regarding the sound value of the proposed loan in accordance with paragraph (6).

(C) Loans pursuant to this paragraph shall be authorized in such amounts as provided in advance in appropriation Acts for the purposes of loans under this paragraph.

(D) For purposes of this paragraph a qualified individual is—

(i) a member of the Armed Forces of the United States, honorably discharged from active duty involuntarily or pursuant to a program providing bonuses or other inducements to encourage voluntary separation or early retirement;

(ii) a civilian employee of the Department of Defense involuntarily separated from Federal service or retired pursuant to a program offering inducements to encourage early retirement; or

(iii) an employee of a prime contractor, subcontractor, or supplier at any tier of a Department of Defense program whose employment is involuntarily terminated (or voluntarily terminated pursuant to a program offering inducements to encourage voluntary separation or early retirement) due to the termination (or substantial reduction) of a Department of Defense program.

(E) JOB CREATION AND COMMUNITY BENEFIT.—In providing assistance under this paragraph, the Administration shall develop procedures to ensure, to the maximum extent practicable, that such assistance is used for projects that—

(i) have the greatest potential for—

(I) creating new jobs for individuals whose employment is involuntarily terminated due to reductions in Federal defense expenditures; or

(II) preventing the loss of jobs by employees of small business concerns described in subparagraph (A)(i); and

(ii) have substantial potential for stimulating new economic activity in communities most affected by reductions in Federal defense expenditures.

(22) The Administration is authorized to permit participating lenders to impose and collect a reasonable penalty fee on late payments of loans guaranteed under this subsection in an amount not to exceed 5 percent of the monthly loan payment per month plus interest.

(23) ANNUAL FEE.—

(A) IN GENERAL.—With respect to each loan guaranteed under this subsection, the Administration shall, in accordance with such terms and procedures as the Administration shall establish by regulation, assess and collect an annual fee in an amount equal to 0.5 percent of the outstanding balance of the deferred participation share of the loan.

(B) PAYER.—The annual fee assessed under subparagraph (A) shall be payable by the

participating lender and shall not be charged to the borrower.

(24) NOTIFICATION REQUIREMENT.—The Administration shall notify the Committees on Small Business of the Senate and the House of Representatives not later than 15 days before making any significant policy or administrative change affecting the operation of the loan program under this subsection.

(25) LIMITATION ON CONDUCTING PILOT PROJECTS.—

(A) IN GENERAL.—Not more than 10 percent of the total number of loans guaranteed in any fiscal year under this subsection may be awarded as part of a pilot program which is commenced by the Administrator on or after October 1, 1996.

(B) “PILOT PROGRAM” DEFINED.—In this paragraph, the term ‘pilot program’ means any lending program initiative, project, innovation, or other activity not specifically authorized by law.

(C) LOW DOCUMENTATION LOAN PROGRAM.—The Administrator may carry out the low documentation loan program for loans of \$100,000 or less only through lenders with significant experience in making small business loans. Not later than 90 days after September 30, 1996, the Administrator shall promulgate regulations defining the experience necessary for participation as a lender in the low documentation loan program.

(26) CALCULATION OF SUBSIDY RATE.—All fees, interest, and profits received and retained by the Administration under this subsection shall be included in the calculations made by the Director of the Office of Management and Budget to offset the cost (as that term is defined in section 661a of title 2) to the Administration of purchasing and guaranteeing loans under this chapter.

(b) Disaster loans; authorization, scope, terms and conditions, etc.

Except as to agricultural enterprises as defined in section 647(b)(1) of this title, the⁴ Administration also is empowered to the extent and in such amounts as provided in advance in appropriation Acts—

(1)(A) to make such loans (either directly or in cooperation with banks or other lending institutions through agreements to participate on an immediate or deferred (guaranteed) basis) as the Administration may determine to be necessary or appropriate to repair, rehabilitate or replace property, real or personal, damaged or destroyed by or as a result of natural or other disasters: *Provided*, That such damage or destruction is not compensated for by insurance or otherwise: *And provided further*, That the Administration may increase the amount of the loan by up to an additional 20 per centum if it determines such increase to be necessary or appropriate in order to protect the damaged or destroyed property from possible future disasters by taking mitigating measures, including, but not limited to, construction of retaining walls and sea walls,

grading and contouring land, relocating utilities and modifying structures;

(B) to refinance any mortgage or other lien against a totally destroyed or substantially damaged home or business concern: *Provided*, That no loan or guarantee shall be extended unless the Administration finds that (i) the applicant is not able to obtain credit elsewhere; (ii) such property is to be repaired, rehabilitated, or replaced; (iii) the amount refinanced shall not exceed the amount of physical loss sustained; and (iv) such amounts shall be reduced to the extent such mortgage or lien is satisfied by insurance or otherwise;

(2) to make such loans (either directly or in cooperation with banks or other lending institutions through agreements to participate on an immediate or deferred (guaranteed) basis) as the Administration may determine to be necessary or appropriate to any small business concern or small agricultural cooperative located in an area affected by a disaster, if the Administration determines that the concern or the cooperative has suffered a substantial economic injury as a result of such disaster and if such disaster constitutes—

(A) a major disaster, as determined by the President under the Disaster Relief and Emergency Assistance Act [42 U.S.C. 5121 et seq.]; or

(B) a natural disaster, as determined by the Secretary of Agriculture pursuant to the Consolidated Farm and Rural Development Act (7 U.S.C. 1961); or

(C) a disaster, as determined by the Administrator of the Small Business Administration; or

(D) if no disaster declaration has been issued pursuant to subparagraph (A), (B), or (C), the Governor of a State in which a disaster has occurred may certify to the Small Business Administration that small business concerns or small agricultural cooperatives (1) have suffered economic injury as a result of such disaster, and (2) are in need of financial assistance which is not available on reasonable terms in the disaster stricken area. Upon receipt of such certification, the Administration may then make such loans as would have been available under this paragraph if a disaster declaration had been issued.

Provided, That no loan or guarantee shall be extended pursuant to this paragraph (2) unless the Administration finds that the applicant is not able to obtain credit elsewhere.

No loan under this subsection, including renewals and extensions thereof, may be made for a period or periods exceeding thirty years: *Provided*, That the Administrator may consent to a suspension in the payment of principal and interest charges on, and to an extension in the maturity of, the Federal share of any loan under this subsection for a period not to exceed five years, if (A) the borrower under such loan is a homeowner or a small business concern, (B) the loan was made to enable (i) such homeowner to repair or replace his home, or (ii) such concern to repair or replace plant or equipment which was damaged or destroyed as the result of a dis-

aster meeting the requirements of clause (A) or (B) of paragraph (2) of this subsection, and (C) the Administrator determines such action is necessary to avoid severe financial hardship: *Provided further*, That the provisions of paragraph (1) of subsection (c) of this section shall not be applicable to any such loan having a maturity in excess of twenty years. Notwithstanding the provisions of any other law, the interest rate on the Administration's share of any loan made under this subsection, except as provided in subsection (c) of this section, shall not exceed the average annual interest rate on all interest-bearing obligations of the United States then forming a part of the public debt as computed at the end of the fiscal year next preceding the date of the loan and adjusted to the nearest one-eighth of 1 per centum plus one-quarter of 1 per centum: *Provided, however*, That the interest rate for loans made under paragraphs (1) and (2) hereof shall not exceed the rate of interest which is in effect at the time of the occurrence of the disaster. In agreements to participate in loans on a deferred basis under this subsection, such participation by the Administration shall not be in excess of 90 per centum of the balance of the loan outstanding at the time of disbursement. Notwithstanding any other provision of law, the interest rate on the Administration's share of any loan made pursuant to paragraph (1) of this subsection to repair or replace a primary residence and/or replace or repair damaged or destroyed personal property, less the amount of compensation by insurance or otherwise, with respect to a disaster occurring on or after July 1, 1976, and prior to October 1, 1978, shall be: 1 per centum on the amount of such loan not exceeding \$10,000, and 3 per centum on the amount of such loan over \$10,000 but not exceeding \$40,000. The interest rate on the Administration's share of the first \$250,000 of all other loans made pursuant to paragraph (1) of this subsection, with respect to a disaster occurring on or after July 1, 1976, and prior to October 1, 1978, shall be 3 per centum. All repayments of principal on the Administration's share of any loan made under the above provisions shall first be applied to reduce the principal sum of such loan which bears interest at the lower rates provided in this paragraph. The principal amount of any loan made pursuant to paragraph (1) in connection with a disaster which occurs on or after April 1, 1977, but prior to January 1, 1978, may be increased by such amount, but not more than \$2,000, as the Administration determines to be reasonable in light of the amount and nature of loss, damage, or injury sustained in order to finance the installation of insulation in the property which was lost, damaged, or injured, if the uninsured, damaged portion of the property is 10 per centum or more of the market value of the property at the time of the disaster. Not later than June 1, 1978, the Administration shall prepare and transmit to the Select Committee on Small Business of the Senate, the Committee on Small Business of the House of Representatives, and the Committees of the Senate and House of Representatives having jurisdiction over measures relating to energy conservation, a report on its activities under this paragraph, including therein an evaluation of the effect of such ac-

tivities on encouraging the installation of insulation in property which is repaired or replaced after a disaster which is subject to this paragraph, and its recommendations with respect to the continuation, modification, or termination of such activities.

In the administration of the disaster loan program under paragraphs (1), (2), and (4) of this subsection, in the case of property loss or damage or injury resulting from a major disaster as determined by the President or a disaster as determined by the Administrator which occurs on or after January 1, 1971, and prior to July 1, 1973, the Small Business Administration, to the extent such loss or damage or injury is not compensated for by insurance or otherwise—

(A) may make any loan for repair, rehabilitation, or replacement of property damaged or destroyed without regard to whether the required financial assistance is otherwise available from private sources;

(B) may, in the case of the total destruction or substantial property damage of a home or business concern, refinance any mortgage or other liens outstanding against the destroyed or damaged property if such property is to be repaired, rehabilitated, or replaced, except that (1) in the case of a business concern, the amount refinanced shall not exceed the amount of the physical loss sustained, and (2) in the case of a home, the amount of each monthly payment of principal and interest on the loan after refinancing under this clause shall not be less than the amount of each such payment made prior to such refinancing;

(C) may, in the case of a loan made under clause (A) or a mortgage or other lien refinanced under clause (B) in connection with the destruction of, or substantial damage to, property owned and used as a residence by an individual who by reason of retirement, disability, or other similar circumstances relies for support on survivor, disability, or retirement benefits under a pension, insurance, or other programs, consent to the suspension of the payments of the principal of that loan, mortgage, or lien during the lifetime of that individual and his spouse for so long as the Administration determines that making such payments would constitute a substantial hardship;

(D) shall notwithstanding the provisions of any other law and upon presentation by the applicant of proof of loss or damage or injury and a bona fide estimate of cost of repair, rehabilitation, or replacement, cancel the principal of any loan made to cover a loss or damage or injury resulting from such disaster, except that—

(i) with respect to a loan made in connection with a disaster occurring on or after January 1, 1971 but prior to January 1, 1972, the total amount so canceled shall not exceed \$2,500, and the interest on the balance of the loan shall be at a rate of 3 per centum per annum; and

(ii) with respect to a loan made in connection with a disaster occurring on or after January 1, 1972 but prior to July 1, 1973, the total amount so canceled shall not exceed \$5,000 and the interest on the balance of the

loan shall be at a rate of 1 percentum per annum.

(E)⁵ A State grant made on or prior to July 1, 1979, shall not be considered compensation for the purpose of applying the provisions of section 312(a) of the Disaster Relief and Emergency Assistance Act [42 U.S.C. 5155(a)] to a disaster loan under paragraph (1), (2), or (4) of this subsection.

With respect to any loan referred to in clause (D) which is outstanding on August 16, 1972, the Administrator shall—

- (i) make such change in the interest rate on the balance of such loan as is required under that clause effective as of August 16, 1972; and
- (ii) in applying the limitation set forth in that clause with respect to the total amount of such loan which may be canceled, consider as part of the amount so canceled any part of such loan which was previously canceled pursuant to section 231 of the Disaster Relief Act of 1970 [15 U.S.C. 636a].

Whoever wrongfully misapplies the proceeds of a loan obtained under this subsection shall be civilly liable to the Administrator in an amount equal to one-and-one half times the original principal amount of the loan.

(c) Extension or renewal of loans; purchase of participations; assumption of obligations; disaster loans; interest rates; loan amounts

(1) The Administration may further extend the maturity of or renew any loan made pursuant to this section, or any loan transferred to the Administration pursuant to Reorganization Plan Numbered 2 of 1954, or Reorganization Plan Numbered 1 of 1957, for additional periods not to exceed ten years beyond the period stated therein, if such extension or renewal will aid in the orderly liquidation of such loan.

(2) During any period in which principal and interest charges are suspended on the Federal share of any loan, as provided in subsection (b) of this section, the Administrator shall, upon the request of any person, firm, or corporation having a participation in such loan, purchase such participation, or assume the obligation of the borrower, for the balance of such period, to make principal and interest payments on the non-Federal share of such loan: *Provided*, That no such payments shall be made by the Administrator in behalf of any borrower unless (i) the Administrator determines that such action is necessary in order to avoid a default, and (ii) the borrower agrees to make payments to the Administration in an aggregate amount equal to the amount paid in its behalf by the Administrator, in such manner and at such times (during or after the term of the loan) as the Administrator shall determine having due regard to the purposes sought to be achieved by this paragraph.

(3) With respect to a disaster occurring on or after October 1, 1978, and prior⁶ August 13, 1981, on the Administration's share of loans

made pursuant to paragraph (1) of subsection (b) of this section—

(A) if the loan proceeds are to repair or replace a primary residence and/or repair or replace damaged or destroyed personal property, the interest rate shall be 3 percent on the first \$55,000 of such loan;

(B) if the loan proceeds are to repair or replace property damaged or destroyed and if the applicant is a business concern which is unable to obtain sufficient credit elsewhere, the interest rate shall be as determined by the Administration, but not in excess of 5 percent per annum; and

(C) if the loan proceeds are to repair or replace property damaged or destroyed and if the applicant is a business concern which is able to obtain sufficient credit elsewhere, the interest rate shall not exceed the current average market yield on outstanding marketable obligations of the United States with remaining periods to maturity comparable to the average maturities of such loans and adjusted to the nearest one-eighth of 1 percent, and an additional amount as determined by the Administration, but not to exceed 1 percent: *Provided*, That three years after such loan is fully disbursed and every two years thereafter for the term of the loan, if the Administration determines that the borrower is able to obtain a loan from non-Federal sources at reasonable rates and terms for loans of similar purposes and periods of time, the borrower shall, upon request by the Administration, apply for and accept such a loan in sufficient amount to repay the Administration: *Provided further*, That no loan under subsection (b)(1) of this section shall be made, either directly or in cooperation with banks or other lending institutions through agreements to participate on an immediate or deferred basis, if the total amount outstanding and committed to the borrower under such subsection would exceed \$500,000 for each disaster, unless an applicant constitutes a major source of employment in an area suffering a disaster, in which case the Administration, in its discretion, may waive the \$500,000 limitation.

(4) Notwithstanding the provisions of any other law, the interest rate on the Federal share of any loan made under subsection (b) of this section shall be—

(A) in the case of a homeowner unable to secure credit elsewhere, the rate prescribed by the Administration but not more than one-half the rate determined by the Secretary of the Treasury taking into consideration the current average market yield on outstanding marketable obligations of the United States with remaining periods to maturity comparable to the average maturities of such loans plus an additional charge of not to exceed 1 per centum per annum as determined by the Administrator, and adjusted to the nearest one-eighth of 1 per centum but not to exceed 8 per centum per annum;

(B) in the case of a homeowner able to secure credit elsewhere, the rate prescribed by the Administration but not more than the rate determined by the Secretary of the

(C) in the case of a business concern unable to obtain credit elsewhere, not to exceed 8 per centum per annum;

(D) in the case of a business concern able to obtain credit elsewhere, the rate prescribed by the Administration but not in excess of the rate prevailing in private market for similar loans and not more than the rate prescribed by the Administration as the maximum interest rate for deferred participation (guaranteed) loans under subsection (a) of this section. Loans under this subparagraph shall be limited to a maximum term of three years.

(5) Notwithstanding the provisions of any other law, the interest rate on the Federal share of any loan made under subsection (b)(1) and (b)(2) of this section on account of a disaster commencing on or after October 1, 1982, shall be—

(C) in the case of a business or other concern, including agricultural cooperatives, unable to obtain credit elsewhere, not to exceed 4 per centum per annum;

(D) in the case of a business concern able to obtain credit elsewhere, the rate prescribed by the Administration but not in excess of the lowest of (i) the rate prevailing in the private market for similar loans, (ii) the rate prescribed by the Administration as the maximum interest rate for deferred participation (guaranteed) loans under subsection (a) of this section, or (iii) 8 per centum per annum. Loans under this subparagraph shall

be limited to a maximum term of three years.

(6) Notwithstanding the provisions of any other law, such loans, subject to the reductions required by subparagraphs (A) and (B) of subsection (b)(1) of this section, shall be in amounts equal to 100 per centum of loss. The interest rates for loans made under subsection (b)(1) and (2) of this section, as determined pursuant to paragraph (5), shall be the rate of interest which is in effect on the date of the disaster commenced: *Provided*, That no loan under subsection (b)(1) and (2) of this section shall be made, either directly or in cooperation with banks or other lending institutions through agreements to participate on an immediate or deferred (guaranteed) basis, if the total amount outstanding and committed to the borrower under subsection (b) of this section would exceed \$500,000 for each disaster unless an applicant constitutes a major source of employment in an area suffering a disaster, in which case the Administration, in its discretion, may waive the \$500,000 limitation: *Provided further*, That the Administration, subject to the reductions required by subparagraphs (A) and (B) of subsection (b)(1) of this section, shall not reduce the amount of eligibility for any homeowner on account of loss of real estate to less than \$100,000 for each disaster nor for any homeowner or lessee on account of loss of personal property to less than \$20,000 for each disaster, such sums being in addition to any eligible refinancing: *Provided further*, That the Administration shall not require collateral for loans of \$10,000 or less which are made under paragraph (1) of subsection (b) of this section. (A) to assist any public or private organization—

(i) which is organized under the laws of the United States or of any State, operated in the interest of handicapped individuals, the net income of which does not inure in whole or in part to the benefit of any shareholder or other individual;

(B) to assist any handicapped individual in establishing, acquiring, or operating a small business concern.

(2) The Administration's share of any loan made under this subsection shall not exceed \$350,000, nor may any such loan be made if the total amount outstanding and committed (by participation or otherwise) to the borrower from the business loan and investment fund established by section 633(c)(1)(B) of this title would exceed \$350,000. In agreements to participate in loans on a deferred basis under this subsection, the Administration's participation may total 100 per centum of the balance of the loan at the time of disbursement. (1) The Administration also is empowered to make, participate (on an immediate basis) in, or guarantee loans, repayable in not more than fifteen years, to any small business concern, or to any qualified person seeking to establish such a concern, when it determines that such loans will further the policies established in section 631(b)⁷ of this title, with particular emphasis on the preservation or establishment of small business concerns located in urban or rural areas with high proportions of unemployed or low-income individuals, or owned by low-income individuals: *Provided, however,* That no such loans shall be made, participated in, or guaranteed if the total of such Federal assistance to a single borrower outstanding at any one time would exceed \$100,000. The Administration may defer payments on the principal of such loans for a grace period and use such other methods as it deems necessary and appropriate to assure the successful establishment and operation of such concern. The Administration may, in its discretion, as a condition of such financial assistance, require that the borrower take steps to improve his management skills by participating in a management training program approved by the Administration: *Provided, however,* That any management training program so approved must be of sufficient scope and duration to provide reasonable opportunity for the individuals served to develop entrepreneurial and managerial self-sufficiency.

(2) The Administration shall encourage, as far as possible, the participation of the private business community in the program of assistance to such concerns, and shall seek to stimulate new private lending activities to such concerns through the use of the loan guarantees, participations in loans, and pooling arrangements authorized by this subsection.

(3) To insure an equitable distribution between urban and rural areas for loans between \$3,500 and \$100,000 made under this subsection, the Administration is authorized to use the agencies and agreements and delegations developed under title III of the Economic Opportunity Act of 1964, as amended [42 U.S.C. 2841 et seq.], as it shall determine necessary.

(D) the loan bears interest at a rate not less than (i) a rate determined by the Secretary of the Treasury, taking into consideration the average market yield on outstanding Treasury obligations of comparable maturity, plus (ii) such additional charge, if any, toward covering other costs of the program as the Administration may determine to be consistent with its purposes: *Provided, however,* That the rate of interest charged on loans made in redevelopment areas designated under the Public Works and Economic Development Act of 1965 [42 U.S.C. 3121 et seq.] shall not exceed the rate currently applicable to new loans made under section 201 of that Act [42 U.S.C. 3141]; and

(E) fees not in excess of amounts necessary to cover administrative expenses and probable losses may be required on loan guarantees.

(6) The Administration shall take such steps as may be necessary to insure that, in any fiscal year, at least 50 per centum of the amounts loaned or guaranteed pursuant to this subsection are allotted to small business concerns located in urban areas identified by the Administration as having high concentrations of unemployed or low-income individuals or to small business concerns owned by low-income individuals. The Administration shall define the meaning of low income as it applies to owners of small business concerns eligible to be assisted under this subsection.

(7) No financial assistance shall be extended pursuant to this subsection where the Administration determines that the assistance will be used in relocating establishments from one area to another if such relocation would result in an increase in unemployment in the area of original location.

(1) The Administration shall provide financial assistance to public or private organizations to pay all or part of the cost of projects designed to provide technical or management assistance to individuals or enterprises eligible for assistance under subsection (i) of this section, paragraph (10) of this subsection; and section 637(a) of this title, with special attention to small businesses located in areas of high concentration of unemployed or low-income individuals, to small businesses eligible to receive contracts pursuant to section 637(a) of this title.

(7) To the extent feasible, services under this subsection shall be provided in a location which is easily accessible to the individuals and small business concerns served.

(C)(i) A small business concern participating in any program or activity conducted under the authority of this paragraph or eligible for the award of contracts pursuant to section 637(a) of this title on September 1, 1988, shall be permitted continued participation and eligibility in such program or activity for a period of time which is the greater of—

(I) 9 years less the number of years since the award of its first contract pursuant to section 637(a) of this title; or

(II) its original fixed program participation term (plus any extension thereof) as-

(ii) Nothing contained in this subparagraph shall be deemed to prevent the Administration from instituting a termination or graduation pursuant to subparagraph (F) or (H) for issues unrelated to the expiration of any time period limitation.

(D)(i) Promptly after certification under paragraph (11) a Program Participant shall submit a business plan (hereinafter referred to as the "plan") as described in clause (ii) of this subparagraph for review by the Business Opportunity Specialist assigned to assist such Program Participant. The plan may be a revision of a preliminary business plan submitted by the Program Participant or required by the Administration as a part of the application for certification under this section and shall be designed to result in the Program Participant eliminating the conditions or circumstances upon which the Administration determined eligibility pursuant to section 637(a)(6) of this title. Such plan, and subsequent modifications submitted under clause (iii) of this subparagraph, shall be approved by the business opportunity specialist prior to the Program Participant being eligible for award of a contract pursuant to section 637(a) of this title.

(ii) The plans submitted under this subparagraph shall include the following:

(I) An analysis of market potential, competitive environment, and other business analyses estimating the Program Participant's prospects for profitable operations during the term of program participation and after graduation.

(II) An analysis of the Program Participant's strengths and weaknesses with particular attention to correcting any financial, managerial, technical, or personnel conditions which are likely to impede the small business concern from receiving contracts other than those awarded under section 637(a) of this title.

(III) Specific targets, objectives, and goals, for the business development of the Program Participant during the next and succeeding years utilizing the results of the analyses conducted pursuant to subclauses (I) and (II).

(IV) A transition management plan outlining specific steps to assure profitable business operations after graduation (to be incorporated into the Program Participant's plan during the first year of the transitional stage of Program participation).

(V) Estimates of contract awards pursuant to section 637(a) of this title and from other sources, which the Program Participant will require to meet the specific targets, objectives, and goals for the years covered by its plan. The estimates established shall be consistent with the provisions of subparagraph (I) and section 637(a) of this title.

(iii) Each Program Participant shall annually review its currently approved plan with its Business Opportunity Specialist and modify such plan as may be appropriate. Any modified plan shall be submitted to the Ad-

ministration for approval. The currently approved plan shall be considered valid until such time as a modified plan is approved by the Business Opportunity Specialist. Annual reviews pertaining to years in the transitional stage of program participation shall require, as appropriate, a written verification that such Program Participant has complied with the requirements of subparagraph (I) relating to attaining business activity from sources other than contracts awarded pursuant to section 637(a) of this title.

(iv) Each Program Participant shall annually forecast its needs for contract awards under section 637(a) of this title for the next program year and the succeeding program year during the review of its business plan, conducted pursuant to clause (iii). Such forecast shall be known as the section 8(a) [15 U.S.C. 637(a)] contract support level and shall be included in the Program Participant's business plan. Such forecast shall include—

(I) the aggregate dollar value of contract support to be sought on a noncompetitive basis under section 637(a) of this title, reflecting compliance with the requirements of subparagraph (I) relating to attaining business activity from sources other than contracts awarded pursuant to section 637(a) of this title,

(II) the types of contract opportunities being sought, identified by Standard Industrial Classification (SIC) Code or otherwise,

(III) an estimate of the dollar value of contract support to be sought on a competitive basis, and

(IV) such other information as may be requested by the Business Opportunity Specialist to provide effective business development assistance to the Program Participant.

(E) A small business concern participating in the program conducted under the authority of this paragraph and eligible for the award of contracts pursuant to section 637(a) of this title shall be denied all such assistance if such concern—

(i) voluntarily elects not to continue participation;

(ii) completes the period of Program participation as prescribed by paragraph (15);

(iii) is terminated pursuant to a termination proceeding conducted in accordance with section 637(a)(9) of this title; or

(iv) is graduated pursuant to a graduation proceeding conducted in accordance with section 637(a)(9) of this title.

(F) For purposes of this section and section 637(a) of this title, the term “terminated” and the term “termination” means the total denial or suspension of assistance under this paragraph or under section 637(a) of this title prior to the graduation of the participating small business concern or prior to the expiration of the maximum program participation term. An action for termination shall be based upon good cause, including—

(i) the failure by such concern to maintain its eligibility for Program participation;

(ii) the failure of the concern to engage in business practices that will promote its

competitiveness within a reasonable period of time as evidenced by, among other indicators, a pattern of unjustified delinquent performance or terminations for default with respect to contracts awarded under the authority of section 637(a) of this title;

(iii) a demonstrated pattern of failing to make required submissions or responses to the Administration in a timely manner;

(iv) the willful violation of any rule or regulation of the Administration pertaining to material issues;

(vi) the conviction of the disadvantaged owner or an officer of the concern for any offense indicating a lack of business integrity including any conviction for embezzlement, theft, forgery, bribery, falsification or violation of section 645 of this title. For purposes of this clause, no termination action shall be taken with respect to a disadvantaged owner solely because of the conviction of an officer of the concern (who is other than a disadvantaged owner) unless such owner conspired with, abetted, or otherwise knowingly acquiesced in the activity or omission that was the basis of such officer's conviction.

(G) The Director of the Division may initiate a termination proceeding by recommending such action to the Associate Administrator for Minority Small Business and Capital Ownership Development. Whenever the Associate Administrator, or a designee of such officer, determines such termination is appropriate, within 15 days after making such a determination the Program Participant shall be provided a written notice of intent to terminate, specifying the reasons for such action. No Program Participant shall be terminated from the Program pursuant to subparagraph (F) without first being afforded an opportunity for a hearing in accordance with section 637(a)(9) of this title.

(H) For the purposes of this subsection and section 637(a) of this title the term “graduated” or “graduation” means that the Program Participant is recognized as successfully completing the program by substantially achieving the targets, objectives, and goals contained in the concern's business plan thereby demonstrating its ability to compete in the marketplace without assistance under this section or section 637(a) of this title.

(I)(i) During the developmental stage of its participation in the Program, a Program Participant shall take all reasonable efforts within its control to attain the targets contained in its business plan for contracts awarded other than pursuant to section 637(a) of this title (hereinafter referred to as “business activity targets.”). Such efforts shall be made a part of the business plan and shall be sufficient in scope and duration to satisfy the Administration that the Program Participant will engage a reasonable marketing strategy that will maximize its potential to achieve its business activity targets.

(ii) During the transitional stage of the Program a Program Participant shall be subject

to regulations regarding business activity targets that are promulgated by the Administration pursuant to clause (iii);

(iii) The regulations referred to in clause (ii) shall:

(I) establish business activity targets applicable to Program Participants during the fifth year and each succeeding year of Program Participation; such targets, for such period of time, shall reflect a reasonably consistent increase in contracts awarded other than pursuant to section 637(a) of this title, expressed as a percentage of total sales; when promulgating business activity targets the Administration may establish modified targets for Program Participants that have participated in the Program for a period of longer than four years on June 1, 1989;

(II) require a Program Participant to attain its business activity targets;

(III) provide that, before the receipt of any contract to be awarded pursuant to section 637(a) of this title, the Program Participant (if it is in the transitional stage) must certify that it has complied with the regulations promulgated pursuant to subclause (II), or that it is in compliance with such remedial measures as may have been ordered pursuant to regulations issued under subclause (V);

(IV) require the Administration to review each Program Participant's performance regarding attainment of business activity targets during periodic reviews of such Participant's business plan; and

(V) authorize the Administration to take appropriate remedial measures with respect to a Program Participant that has failed to attain a required business activity target for the purpose of reducing such Participant's dependence on contracts awarded pursuant to section 637(a) of this title; such remedial actions may include, but are not limited to assisting the Program Participant to expand the dollar volume of its competitive business activity or limiting the dollar volume of contracts awarded to the Program Participant pursuant to section 637(a) of this title; except for actions that would constitute a termination, remedial measures taken pursuant to this subclause shall not be reviewable pursuant to section 637(a)(9) of this title.

(J)(i) The Administration shall conduct an evaluation of a Program Participant's eligibility for continued participation in the Program whenever it receives specific and credible information alleging that such Program Participant no longer meets the requirements for Program eligibility. Upon making a finding that a Program Participant is no longer eligible, the Administration shall initiate a termination proceeding in accordance with subparagraph (F). A Program Participant's eligibility for award of any contract under the authority of section 637(a) of this title may be suspended pursuant to subpart 9.4 of title 48, Code of Federal Regulations (or any successor regulation).

(ii)(I) Except as authorized by subclauses (II) or (III), no award shall be made pursuant to

section 637(a) of this title to a concern other than a small business concern.

(II) In determining the size of a small business concern owned by a socially and economically disadvantaged Indian tribe (or a wholly owned business entity of such tribe), each firm's size shall be independently determined without regard to its affiliation with the tribe, any entity of the tribal government, or any other business enterprise owned by the tribe, unless the Administrator determines that one or more such tribally owned business concerns have obtained, or are likely to obtain, a substantial unfair competitive advantage within an industry category.

(III) Any joint venture established under the authority of section 602(b) of Public Law 100-656, the "Business Opportunity Development Reform Act of 1988", shall be eligible for award of a contract pursuant to section 637(a) of this title.

(11)(A) The Associate Administrator for Minority Small Business and Capital Ownership Development shall be responsible for coordinating and formulating policies relating to Federal assistance to small business concerns eligible for assistance under subsection (i) of this section and small business concerns eligible to receive contracts pursuant to section 637(a) of this title.

(B)(i) Except as provided in clause (iii), no individual who was determined pursuant to section 637(a) of this title to be socially and economically disadvantaged before August 15, 1989, shall be permitted to assert such disadvantage with respect to any other concern making application for certification after August 15, 1989.

(ii) Except as provided in clause (iii), any individual upon whom eligibility is based pursuant to section 637(a)(4) of this title shall be permitted to assert such eligibility for only one small business concern.

(iii) A socially and economically disadvantaged Indian tribe may own more than one small business concern eligible for assistance pursuant to paragraph (10) and section 637(a) of this title if—

(I) the Indian tribe does not own another firm in the same industry which has been determined to be eligible to receive contracts under this program, and

(II) the individuals responsible for the management and daily operations of the concern do not manage more than two Program Participants.

(C) No concern, previously eligible for the award of contracts pursuant to section 637(a) of this title, shall be subsequently recertified for program participation if its prior participation in the program was concluded for any of the reasons described in paragraph (10)(E).

(D) A concern eligible for the award of contracts pursuant to this subsection shall remain eligible for such contracts if there is a transfer of ownership and control (as defined pursuant to section 637(a)(4) of this title) to individuals who are determined to be socially and economically disadvantaged pursuant to section 637(a) of this title. In the event of such a transfer, the concern, if not terminated or graduated, shall be el-

igible for a period of continued participation in the program not to exceed the time limitations prescribed in paragraph (15).

(E) There is established a Division of Program Certification and Eligibility (hereinafter referred to in this paragraph as the "Division") that shall be made part of the Office of Minority Small Business and Capital Ownership Development. The Division shall be headed by a Director who shall report directly to the Associate Administrator for Minority Small Business and Capital Ownership Development. The Division shall establish field offices within such regional offices of the Administration as may be necessary to perform efficiently its functions and responsibilities.

(F) Subject to the provisions of section 637(a)(9) of this title, the functions and responsibility of the Division are to—

(i) receive, review and evaluate applications for certification pursuant to paragraphs (4), (5), (6) and (7) of section 637(a) of this title;

(ii) advise each program applicant within 15 days after the receipt of an application as to whether such application is complete and suitable for evaluation and, if not, what matters must be rectified;

(iii) render recommendations on such applications to the Associate Administrator for Minority Small Business and Capital Ownership Development;

(iv) review and evaluate financial statements and other submissions from concerns participating in the program established by paragraph (10) to ascertain continued eligibility to receive subcontracts pursuant to section 637(a) of this title;

(v) make a request for the initiation of termination or graduation proceedings, as appropriate, to the Associate Administrator for Minority Small Business and Capital Ownership Development;

(vi) make recommendations to the Associate Administrator for Minority Small Business and Capital Ownership Development concerning protests from applicants that have been denied program admission;

(vii) decide protests regarding the status of a concern as a disadvantaged concern for purposes of any program or activity conducted under the authority of subsection (d) of section 637 of this title, or any other provision of Federal law that references such subsection for a definition of program eligibility; and

(viii) implement such policy directives as may be issued by the Associate Administrator for Minority Small Business and Capital Ownership Development pursuant to subparagraph (I) regarding, among other things, the geographic distribution of concerns to be admitted to the program and the industrial make-up of such concerns.

(G) An applicant shall not be denied admission into the program established by paragraph (10) due solely to a determination by the Division that specific contract opportunities are unavailable to assist in the development of such concern unless—

(i) the Government has not previously procured and is unlikely to procure the types of products or services offered by the concern; or

(ii) the purchases of such products or services by the Federal Government will not be in quantities sufficient to support the developmental needs of the applicant and other Program Participants providing the same or similar items or services.

(H) Not later than 90 days after receipt of a completed application for Program certification, the Associate Administrator for Minority Small Business and Capital Ownership Development shall certify a small business concern as a Program Participant or shall deny such application.

(I) Thirty days before the conclusion of each fiscal year, the Director of the Division shall review all concerns that have been admitted into the Program during the preceding 12-month period. The review shall ascertain the number of entrants, their geographic distribution and industrial classification. The Director shall also estimate the expected growth of the Program during the next fiscal year and the number of additional Business Opportunity Specialists, if any, that will be needed to meet the anticipated demand for the Program. The findings and conclusions of the Director shall be reported to the Associate Administrator for Minority Small Business and Capital Ownership Development by September 30 of each year. Based on such report and such additional data as may be relevant, the Associate Administrator shall, by October 31 of each year, issue policy and program directives applicable to such fiscal year that—

(i) establish priorities for the solicitation of program applications from underrepresented regions and industry categories;

(ii) assign staffing levels and allocate other program resources as necessary to meet program needs; and

(iii) establish priorities in the processing and admission of new Program Participants as may be necessary to achieve an equitable geographic distribution of concerns and a distribution of concerns across all industry categories in proportions needed to increase significantly contract awards to small business concerns owned and controlled by socially and economically disadvantaged individuals. When considering such increase the Administration shall give due consideration to those industrial categories where Federal purchases have been substantial but where the participation rate of such concerns has been limited.

(12)(A) The Administration shall segment the Capital Ownership Development Program into two stages: a developmental stage; and a transitional stage.

(B) The developmental stage of program participation shall be designed to assist the concern in its effort to overcome its economic disadvantage by providing such assistance as may be necessary and appropriate to access its markets and to strengthen its financial and managerial skills.

(C) The transitional stage of program participation shall be designed to overcome, insofar as practicable, the remaining elements of economic disadvantage and to prepare such concern for graduation from the program.

This subparagraph shall cease to be effective on October 1, 1992.

(D) A maximum of five exemptions from the requirements of sections 270a to 270d-1 of title 40, which exemptions shall apply only to contracts awarded pursuant to section 637(a) of this title, except that, such exemptions may be granted under this subparagraph only if—

(i) the Administration finds that such concern is unable to obtain the requisite bond or bonds from a surety and that no surety is willing to issue a bond subject to the guarantee provision of title IV of the Small Business Investment Act of 1958 (15 U.S.C. 692 et seq.);

(ii) the Administration and the agency providing the contracting opportunity have provided for the protection of persons furnishing materials or labor to the Program Participant by arranging for the direct disbursement of funds due to such persons by the procuring agency or through any bank the deposits of which are insured by the Federal Deposit Insurance Corporation; and

formance standards and provide for such monitoring or audit requirements as may be necessary to ensure the integrity of the training effort. No financial assistance shall be granted under the subparagraph unless the Administrator determines that—

(i) such concern has documented that it has first explored the use of existing cost-free or cost-subsidized training programs offered by public and private sector agencies working with programs of employment and training and economic development;

(ii) no more than five employees or potential employees of such concern are recipients of any benefits under this subparagraph at any one time;

(iii) no more than \$2,500 shall be made available for any one employee or potential employee;

(iv) the length of training or upgrading financed by this subparagraph shall be no less than one month nor more than six months;

(v) such concern has given adequate assurance it will employ the trainee or upgraded employee for at least six months after the training or upgrading financed by this subparagraph has been completed and each trainee or upgraded employee has provided a similar assurance to remain within the employ of such concern for such period; if such concern, trainee, or upgraded employee breaches this agreement, the Administration shall be entitled to and shall make diligent efforts to obtain from the violating party the repayment of all funds expended on behalf of the violating party, such repayment shall be made to the Administration together with such interest and costs of collection as may be reasonable; the violating party shall be barred from receiving any further assistance under this subparagraph;

Activities designed to effect such transfer shall be developed in cooperation with the heads of Federal agencies and shall include the transfer by grant, license, or sale of such technology or property to such a concern. Such property may be transferred to Program Participants on a priority basis. Technology or property transferred under this subparagraph shall be used by the concern during the normal conduct of its business operation and shall not be sold or transferred to any other party (other than the Government) during such concern's term of participation in the Program and for one year thereafter.

(G) Training assistance whereby the Administration shall conduct training sessions to assist individuals and enterprises eligible to receive contracts under section 637(a) of this title in the development of business principles and strategies to enhance their ability to suc-

(II) may be used by a grantee—

(B) Portfolio requirement

To the extent practicable, each intermediary that operates a microloan program under this subsection shall maintain a microloan portfolio with an average loan size of not more than \$10,000.

If, however, at the beginning of the fourth quarter of a fiscal year the Administration determines that a portion of appropriated microloan funds are unlikely to be awarded during that year, the Administration may make additional funds available to a State in excess of 125 percent of the pro rata share of that State.

(8) Equitable distribution of intermediaries

In approving microloan program applicants under this subsection, the Administration shall select such intermediaries as will ensure appropriate availability of loans for small businesses in all industries located throughout each State, particularly those located in urban and in rural areas.

(9) Grants for management, marketing, technical assistance, and related services

(C) Welfare-to-work microloan initiative

Of amounts made available to carry out the welfare-to-work microloan initiative under paragraph (1)(A)(iv) in any fiscal year, the Administration may use not more than 5 percent to provide technical assistance, either directly or through contractors, to welfare-to-work microloan initiative grantees, to ensure that, as grantees, they have the knowledge, skills, and understanding of microlending and welfare-to-work transition, and other related issues, to operate a successful welfare-to-work microloan initiative.

(10) Report to Congress

On November 1, 1995, the Administration shall submit to the Committees on Small Business of the Senate and the House of Representatives a report, including the Administration's evaluation of the effectiveness of the first 3½ years of the microloan program and the following:

(ii) in a metropolitan county or its equivalent that has a resident population of less than 20,000 if the Small Business Administration has determined such political subdivision or area to be rural.

(12) Deferred participation loan pilot

In lieu of making direct loans to intermediaries as authorized in paragraph (1)(B), during fiscal years 1998 through 2000, the Administration may, on a pilot program basis, participate on a deferred basis of not less than 90 percent and not more than 100 percent on loans made to intermediaries by a for-profit or nonprofit entity or by alliances of such entities, subject to the following conditions:

In subsec. (c)(3), “August 13, 1981” substituted for “the effective date of this Act”, such words having been inserted in place of “to October 1, 1983” by section 1914 of Pub. L. 101-656 to make such amendments effective on August 15, 1989, in place of June 1, 1989. See 1988 and 1989 Effective Date of Amendment notes below.

In subsec. (k)(3), “section 1342 of title 31” substituted for “section 3679(b) of the Revised Statutes (31 U.S.C. 665(b))” on authority of Pub. L. 97-258, §4(b), Sept. 13, 1982, 96 Stat. 1067, the first section of which enacted Title 31, Money and Finance.

“(7) many organizations that have had successful experiences in providing microloans and marketing, management, and technical assistance to such borrowers exist throughout the Nation; and

CONGRESSIONAL FINDINGS AND DECLARATION OF PURPOSES OF PUB. L. 100-656

Section 101 of Pub. L. 100-656 provided that:

“(a) FINDINGS.—The Congress finds that—

“(1) the Capital Ownership Development Program administered by the Small Business Administration and the award of contracts pursuant to section 8(a) of the Small Business Act [15 U.S.C. 637(a)] remain a primary tool for improving opportunities for small business concerns owned and controlled by socially and economically disadvantaged individuals in the Federal procurement process and bringing such concerns into the nation’s economic mainstream;

“(2) although some progress has resulted from the Program, it has generally failed to meet its objectives, which remain as valid now as when the Program was initiated;

“(3) too few concerns that have exited the Program have been prepared to compete successfully in the open marketplace on competitive procurements, and many concerns have developed an unhealthy dependency on sole-source contracts by the time they are required to leave the Program;

“(4) the application and certification process for admitting new participants to the Program is inordinately lengthy and burdensome;

“(5) the Administration has often not efficiently and equitably administered and managed the Program in a manner that provided clear lines of responsibility for implementing and monitoring many of the administrative duties under the Program;

“(6) the Administration and some program participants have given insufficient attention and support to the business development goals of the Program and instead have focused almost entirely on the size of contract awards or the number of firms certified to participate in the Program;

“(7) many Federal procuring agencies have failed to identify and offer the necessary amount of contract support in order to allow for diversification and growth of disadvantaged businesses participating in the Program;

“(8) contract support as well as business development expenses have been misused both by the Admin-

istration and Program participants and have not been equitably distributed pursuant to objective criteria;

“(9) the widespread perception of undue political influence in the operation and administration of the Program has significantly contributed to the Program’s poor image and has deterred utilization of the Program by socially and economically disadvantaged concerns and by Federal procuring agencies; and

“(10) it is imperative that increased competition and other substantial reforms be accomplished in the Program in order to promote the Congressionally mandated business development objectives and purposes.

“(b) PURPOSES.—The purposes of this Act [see Short Title of 1988 Amendment note set out under section 631 of this title] therefore are to—

“(1) affirm that the Capital Ownership Development Program and the section 8(a) [15 U.S.C. 637(a)] authority shall be used exclusively for business development purposes to help small businesses owned and controlled by the socially and economically disadvantaged to compete on an equal basis in the mainstream of the American economy;

“(2) affirm that the measure of success of the Capital Ownership Development Program, and the section 8(a) authority, shall be the number of competitive firms that exit the Program without being unreasonably reliant on section 8(a) contracts and that are able to compete on an equal basis in the mainstream of the American economy;

“(3) ensure that program benefits accrue to individuals who are both socially and economically disadvantaged;

“(4) increase the number of small businesses owned and controlled by such individuals from which the United States may purchase products and services (including construction work); and

“(5) ensure integrity, competence, and efficiency in the administration of business development services and the Federal contracting opportunities made available to eligible small businesses.”

EMPLOYEE TRAINING AND EVALUATION

“(a) TRAINING REQUIREMENTS FOR BUSINESS OPPORTUNITY SPECIALISTS.—(1) In each Small Business Administration field office responsible for assisting one or more Program Participants there shall be a position designated as a Business Opportunity Specialist. To the maximum extent practicable the Administration shall assure that an adequate number of Business Opportunity Specialists are assigned to each district office to carry out the responsibilities of sections 7(j) and 8(a) of the Small Business Act (15 U.S.C. 636(j), 637(a)) and to assist Program Participants.

“(2) The Administration shall take such actions as may be appropriate to ensure that any person employed as a Business Opportunity Specialist receives adequate periodic training to assure such employee is capable of assisting Program Participants to fully utilize the Program and to meet the requirements of the Small Business Act [15 U.S.C. 631 et seq.], as amended by this Act.

“(b) PILOT PROGRAM.—(1) Within 180 days after the effective date of this subsection [Nov. 15, 1988] the Administrator shall designate three regions of the Administration to conduct a pilot program pursuant to the provisions of this subsection. The designated regions shall contain approximately 30 per centum of the total number of Program Participants as of the time of designation.

“(2) A Business Opportunity Specialist employed in a Region designated pursuant to paragraph (1), in addition to other assigned duties and responsibilities, shall—

“(A) conduct contract negotiations on behalf of the Administration for contracts awarded pursuant to section 8(a) of the Small Business Act (15 U.S.C. 637(a)) when performance will be rendered by one or more firms in such Specialist’s assigned portfolio;

“(B) facilitate and otherwise assist such firms in negotiating for the receipt of contracts to be let pursuant to such section.

“(3) The Administration shall take such actions as may be appropriate to train and qualify such Specialists to perform the negotiations required pursuant to paragraph (2).

“(4) To the extent practicable, the Administrator shall ensure that the performance appraisal system applicable to a Business Opportunity Specialist employed in a region designated pursuant to paragraph (1) affords substantial recognition to how well such Specialist's assigned portfolio of concerns participating in the program established by section 7(j)(10) of the Small Business Act (15 U.S.C. 636(j)(10)) are achieving competitiveness and furthering the business development purposes of the program.

“(5) The Administration shall establish personnel positions for Business Opportunity Specialists employed in the regions designated pursuant to paragraph (1) that are classified at a grade level of the General Schedule that are sufficient, in the opinion of the Administrator, to attract and retain highly qualified personnel.

“(c) REPORT AND PILOT PROGRAM TERMINATION.—(1) Within 120 days after the termination of the pilot program conducted pursuant to subsection (b), the Administration shall issue a report to the Committees on Small Business of the Senate and of the House of Representatives on the effectiveness of the pilot. Such report shall contain such recommendations for administrative or legislative change as may be appropriate.

“(2) The pilot program conducted pursuant to subsection (b) shall be terminated three years after the date on which the Committees on Small Business of the Senate and of the House of Representatives receive written notification from the Administrator that the pilot is in full operation in each of the three designated pilot regions.”

§ 637. Additional powers

(a) Procurement contracts; subcontracts to disadvantaged small business concerns; performance bonds; contract negotiations; definitions; eligibility; determinations; publication; recruitment; construction subcontracts; annual estimates; Indian tribes

(1) It shall be the duty of the Administration and it is hereby empowered, whenever it determines such action is necessary or appropriate—

(A) to enter into contracts with the United States Government and any department, agency, or officer thereof having procurement powers obligating the Administration to furnish articles, equipment, supplies, services, or materials to the Government or to perform construction work for the Government. In any case in which the Administration certifies to any officer of the Government having procurement powers that the Administration is competent and responsible to perform any specific Government procurement contract to be let by any such officer, such officer shall be authorized in his discretion to let such procurement contract to the Administration upon such terms and conditions as may be agreed upon between the Administration and the procurement officer. Whenever the Administration and such procurement officer fail to agree, the matter shall be submitted for determination to the Secretary or the head of the appropriate department or agency by the Administrator. Not later than 5 days from the date the Administration is notified of a procurement officer's adverse decision, the Administration may notify the contracting officer of the intent to appeal such adverse decision, and within 15 days of such date the Administrator shall file a written request for a reconsideration of the adverse decision with the Secretary of the department or agency head. For the purposes of this subparagraph, a procurement officer's adverse decision includes a decision not to make available for award pursuant to this subsection a particular procurement requirement or the failure to agree on the terms and conditions of a contract to be awarded noncompetitively under the authority of this subsection. Upon receipt of the notice of intent to appeal, the Secretary of the department or the agency head shall suspend further action regarding the procurement until a written decision on the Administrator's request for reconsideration has been issued by such Secretary or agency head, unless such officer makes a written determination that urgent and compelling circumstances which significantly affect interests of the United States will not permit waiting for a reconsideration of the adverse decision. If the Administrator's request for reconsideration is denied, the Secretary of the department or agency head shall specify the reasons why the selected firm was determined to be incapable to perform the procurement requirement, and the findings supporting such determination, which shall be made a part of the contract file for the requirement. A contract may not be awarded under this subsection if the award of the contract would result in a cost to the awarding agency which exceeds a fair market price;

(B) to arrange for the performance of such procurement contracts by negotiating or otherwise letting subcontracts to socially and economically disadvantaged small business concerns for construction work, services, or the manufacture, supply, assembly of such articles, equipment, supplies, materials, or parts thereof, or servicing or processing in connection therewith, or such management services as may be necessary to enable the Administration to perform such contracts;

(C) to make an award to a small business concern owned and controlled by socially and economically disadvantaged individuals which has completed its period of Program Participation as prescribed by section 636(j)(15) of this title, if—

(i) the contract will be awarded as a result of an offer (including price) submitted in response to a published solicitation relating to a competition conducted pursuant to subparagraph (D); and

(ii) the prospective contract awardee was a Program Participant eligible for award of the contract on the date specified for receipt of offers contained in the contract solicitation; and

(D)(i) A contract opportunity offered for award pursuant to this subsection shall be awarded on the basis of competition restricted to eligible Program Participants if—

(I) there is a reasonable expectation that at least two eligible Program Participants will submit offers and that award can be made at a fair market price, and

(II) the anticipated award price of the contract (including options) will exceed \$5,000,000 in the case of a contract opportunity assigned a standard industrial classification code for manufacturing and \$3,000,000 (including options) in the case of all other contract opportunities.

(ii) The Associate Administrator for Minority Small Business and Capital Ownership Development, on a nondelegable basis, is authorized to approve a request from an agency to award a contract opportunity under this subsection on the basis of a competition restricted to eligible Program Participants even if the anticipated award price is not expected to exceed the dollar amounts specified in clause (i)(II). Such approvals shall be granted only on a limited basis.

(2) Notwithstanding subsections (a) and (c) of section 270a of title 40, no small business concern shall be required to provide any amount of any bond as a condition of receiving any subcontract under this subsection if the Administrator determines that such amount is inappropriate for such concern in performing such contract: *Provided*, That the Administrator shall exercise the authority granted by the paragraph only if—

(A) the Administration takes such measures as it deems appropriate for the protection of persons furnishing materials and labor to a small business receiving any benefit pursuant to this paragraph;

(B) the Administration assists, insofar as practicable, a small business receiving the

benefits of this paragraph to develop, within a reasonable period of time, such financial and other capability as may be needed to obtain such bonds as the Administration may subsequently require for the successful completion of any program conducted under the authority of this subsection;

(C) the Administration finds that such small business is unable to obtain the requisite bond or bonds from a surety and that no surety is willing to issue bond or bonds subject to the guarantee provisions of Title IV of the Small Business Investment Act of 1958 [15 U.S.C. 692 et seq.]; and

(D) the small business is determined to be a start-up concern and such concern has not been participating in any program conducted under the authority of this subsection for a period exceeding one year.

The authority to waive bonds provided in this paragraph (2) may not be exercised after September 30, 1988.

(3)(A) Any Program Participant selected by the Administration to perform a contract to be let noncompetitively pursuant to this subsection shall, when practicable, participate in any negotiation of the terms and conditions of such contract.

(B)(i) For purposes of paragraph (1) a “fair market price” shall be determined by the agency offering the procurement requirement to the Administration, in accordance with clauses (ii) and (iii).

(ii) The estimate of a current fair market price for a new procurement requirement, or a requirement that does not have a satisfactory procurement history, shall be derived from a price or cost analysis. Such analysis may take into account prevailing market conditions, commercial prices for similar products or services, or data obtained from any other agency. Such analysis shall consider such cost or pricing data as may be timely submitted by the Administration.

(iii) The estimate of a current fair market price for a procurement requirement that has a satisfactory procurement history shall be based on recent award prices adjusted to insure comparability. Such adjustments shall take into account differences in quantities, performance times, plans, specifications, transportation costs, packaging and packing costs, labor and materials costs, overhead costs, and any other additional costs which may be deemed appropriate.

(C) An agency offering a procurement requirement for potential award pursuant to this subsection shall, upon the request of the Administration, promptly submit to the Administration a written statement detailing the method used by the agency to estimate the current fair market price for such contract, identifying the information, studies, analyses, and other data used by such agency. The agency’s estimate of the current fair market price (and any supporting data furnished to the Administration) shall not be disclosed to any potential offeror (other than the Administration).

(D) A small business concern selected by the Administration to perform or negotiate a contract to be let pursuant to this subsection may

request the Administration to protest the agency's estimate of the fair market price for such contract pursuant to paragraph (1)(A).

(4)(A) For purposes of this section, the term "socially and economically disadvantaged small business concern" means any small business concern which meets the requirements of subparagraph (B) and—

(i) which is at least 51 per centum unconditionally owned by—

(I) one or more socially and economically disadvantaged individuals,

(II) an economically disadvantaged Indian tribe (or a wholly owned business entity of such tribe), or

(III) an economically disadvantaged Native Hawaiian organization, or

(ii) in the case of any publicly owned business, at least 51 per centum of the stock of which is unconditionally owned by—

(I) one or more socially and economically disadvantaged individuals,

(II) an economically disadvantaged Indian tribe (or a wholly owned business entity of such tribe), or

(III) an economically disadvantaged Native Hawaiian organization.

(B) A small business concern meets the requirements of this subparagraph if the management and daily business operations of such small business concern are controlled by one or more—

(i) socially and economically disadvantaged individuals described in subparagraph (A)(i)(I) or subparagraph (A)(ii)(I),

(ii) members of an economically disadvantaged Indian tribe described in subparagraph (A)(i)(II) or subparagraph (A)(ii)(II), or

(iii) Native Hawaiian organizations described in subparagraph (A)(i)(III) or subparagraph (A)(ii)(III).

(C) Each Program Participant shall certify, on an annual basis, that it meets the requirements of this paragraph regarding ownership and control.

(5) Socially disadvantaged individuals are those who have been subjected to racial or ethnic prejudice or cultural bias because of their identity as a member of a group without regard to their individual qualities.

(6)(A) Economically disadvantaged individuals are those socially disadvantaged individuals whose ability to compete in the free enterprise system has been impaired due to diminished capital and credit opportunities as compared to others in the same business area who are not socially disadvantaged. In determining the degree of diminished credit and capital opportunities the Administration shall consider, but not be limited to, the assets and net worth of such socially disadvantaged individual. In determining the economic disadvantage of an Indian tribe, the Administration shall consider, where available, information such as the following: the per capita income of members of the tribe excluding judgment awards, the percentage of the local Indian population below the poverty level, and the tribe's access to capital markets.

(B) Each Program Participant shall annually submit to the Administration—

(i) a personal financial statement for each disadvantaged owner;

(ii) a record of all payments made by the Program Participant to each of its disadvantaged owners or to any person or entity affiliated with such owners; and

(iii) such other information as the Administration may deem necessary to make the determinations required by this paragraph.

(C)(i) Whenever, on the basis of information provided by a Program Participant pursuant to subparagraph (B) or otherwise, the Administration has reason to believe that the standards to establish economic disadvantage pursuant to subparagraph (A) have not been met, the Administration shall conduct a review to determine whether such Program Participant and its disadvantaged owners continue to be impaired in their ability to compete in the free enterprise system due to diminished capital and credit opportunities when compared to other concerns in the same business area, which are not socially disadvantaged.

(ii) If the Administration determines, pursuant to such review, that a Program Participant and its disadvantaged owners are no longer economically disadvantaged for the purpose of receiving assistance under this subsection, the Program Participant shall be graduated pursuant to section 636(j)(10)(G) of this title subject to the right to a hearing as provided for under paragraph (9).

(D)(i) Whenever, on the basis of information provided by a Program Participant pursuant to subparagraph (B) or otherwise, the Administration has reason to believe that the amount of funds or other assets withdrawn from a Program Participant for the personal benefit of its disadvantaged owners or any person or entity affiliated with such owners may have been unduly excessive, the Administration shall conduct a review to determine whether such withdrawal of funds or other assets was detrimental to the achievement of the targets, objectives, and goals contained in such Program Participant's business plan.

(ii) If the Administration determines, pursuant to such review, that funds or other assets have been withdrawn to the detriment of the Program Participant's business, the Administration shall—

(I) initiate a proceeding to terminate the Program Participant pursuant to section 636(j)(10)(F) of this title, subject to the right to a hearing under paragraph (9); or

(II) require an appropriate reinvestment of funds or other assets and such other steps as the Administration may deem necessary to ensure the protection of the concern.

(E) Whenever the Administration computes personal net worth for any purpose under this paragraph, it shall exclude from such computation—

(i) the value of investments that disadvantaged owners have in their concerns, except that such value shall be taken into account under this paragraph when comparing such concerns to other concerns in the same business area that are owned by other than socially disadvantaged persons;

(ii) the equity that disadvantaged owners have in their primary personal residences, except that any portion of such equity that is attributable to unduly excessive withdrawals from a Program Participant or a concern applying for program participation shall be taken into account.

(7)(A) No small business concern shall be deemed eligible for any assistance pursuant to this subsection unless the Administration determines that with contract, financial, technical, and management support the small business concern will be able to perform contracts which may be awarded to such concern under paragraph (1)(C) and has reasonable prospects for success in competing in the private sector.

(B) Limitations established by the Administration in its regulations and procedures restricting the award of contracts pursuant to this subsection to a limited number of standard industrial classification codes in an approved business plan shall not be applied in a manner that inhibits the logical business progression by a participating small business concern into areas of industrial endeavor where such concern has the potential for success.

(8) All determinations made pursuant to paragraph (5) with respect to whether a group has been subjected to prejudice or bias shall be made by the Administrator after consultation with the Associate Administrator for Minority Small Business and Capital Ownership Development. All other determinations made pursuant to paragraphs (4), (5), (6), and (7) shall be made by the Associate Administrator for Minority Small Business and Capital Ownership Development under the supervision of, and responsible to, the Administrator.

(9)(A) Subject to the provisions of subparagraph (E), the Administration, prior to taking any action described in subparagraph (B), shall provide the small business concern that is the subject of such action, an opportunity for a hearing on the record, in accordance with chapter 5 of title 5.

(B) The actions referred to in subparagraph (A) are—

- (i) denial of program admission based upon a negative determination pursuant to paragraph (4), (5), or (6);
- (ii) a termination pursuant to section 636(j)(10)(F) of this title;
- (iii) a graduation pursuant to section 636(j)(10)(G) of this title; and
- (iv) the denial of a request to issue a waiver pursuant to paragraph (21)(B).

(C) The Administration's proposed action, in any proceeding conducted under the authority of this paragraph, shall be sustained unless it is found to be arbitrary, capricious, or contrary to law.

(D) A decision rendered pursuant to this paragraph shall be the final decision of the Administration and shall be binding upon the Administration and those within its employ.

(E) The adjudicator selected to preside over a proceeding conducted under the authority of this paragraph shall decline to accept jurisdiction over any matter that—

- (i) does not, on its face, allege facts that, if proven to be true, would warrant reversal or modification of the Administration's position;

(ii) is untimely filed;

(iii) is not filed in accordance with the rules of procedure governing such proceedings; or

(iv) has been decided by or is the subject of an adjudication before a court of competent jurisdiction over such matters.

(F) Proceedings conducted pursuant to the authority of this paragraph shall be completed and a decision rendered, insofar as practicable, within ninety days after a petition for a hearing is filed with the adjudicating office.

(10) The Administration shall develop and implement an outreach program to inform and recruit small business concerns to apply for eligibility for assistance under this subsection. Such program shall make a sustained and substantial effort to solicit applications for certification from small business concerns located in areas of concentrated unemployment or underemployment or within labor surplus areas and within States having relatively few Program Participants and from small disadvantaged business concerns in industry categories that have not substantially participated in the award of contracts let under the authority of this subsection.

(11) To the maximum extent practicable, construction subcontracts awarded by the Administration pursuant to this subsection shall be awarded within the county or State where the work is to be performed.

(12)(A) The Administration shall require each concern eligible to receive subcontracts pursuant to this subsection to annually prepare and submit to the Administration a capability statement. Such statement shall briefly describe such concern's various contract performance capabilities and shall contain the name and telephone number of the Business Opportunity Specialist assigned such concern. The Administration shall separate such statements by those primarily dependent upon local contract support and those primarily requiring a national marketing effort. Statements primarily dependent upon local contract support shall be disseminated to appropriate buying activities in the marketing area of the concern. The remaining statements shall be disseminated to the Directors of Small and Disadvantaged Business Utilization for the appropriate agencies who shall further distribute such statements to buying activities with such agencies that may purchase the types of items or services described on the capability statements.

(B) Contracting activities receiving capability statements shall, within 60 days after receipt, contact the relevant Business Opportunity Specialist to indicate the number, type, and approximate dollar value of contract opportunities that such activities may be awarding over the succeeding 12-month period and which may be appropriate to consider for award to those concerns for which it has received capability statements.

(C) Each executive agency reporting to the Federal Procurement Data System contract actions with an aggregate value in excess of \$50,000,000 in fiscal year 1988, or in any succeeding fiscal year, shall prepare a forecast of expected contract opportunities or classes of contract opportunities for the next and succeeding

fiscal years that small business concerns, including those owned and controlled by socially and economically disadvantaged individuals, are capable of performing. Such forecast shall be periodically revised during such year. To the extent such information is available, the agency forecasts shall specify:

- (i) The approximate number of individual contract opportunities (and the number of opportunities within a class).
- (ii) The approximate dollar value, or range of dollar values, for each contract opportunity or class of contract opportunities.
- (iii) The anticipated time (by fiscal year quarter) for the issuance of a procurement request.
- (iv) The activity responsible for the award and administration of the contract.

(D) The head of each executive agency subject to the provisions of subparagraph (C) shall within 10 days of completion furnish such forecasts to—

- (i) the Director of the Office of Small and Disadvantaged Business Utilization established pursuant to section 644(k) of this title for such agency; and
- (ii) the Administrator.

(E) The information reported pursuant to subparagraph (D) may be limited to classes of items and services for which there are substantial annual purchases.

(F) Such forecasts shall be available to small business concerns.

(13) For purposes of this subsection, the term “Indian tribe” means any Indian tribe, band, nation, or other organized group or community of Indians, including any Alaska Native village or regional or village corporation (within the meaning of the Alaska Native Claims Settlement Act [43 U.S.C. 1601 et seq.]) which—

(A) is recognized as eligible for the special programs and services provided by the United States to Indians because of their status as Indians, or

(B) is recognized as such by the State in which such tribe, band, nation, group, or community resides.

(14)(A) A concern may not be awarded a contract under this subsection as a small business concern unless the concern agrees that—

- (i) in the case of a contract for services (except construction), at least 50 percent of the cost of contract performance incurred for personnel shall be expended for employees of the concern; and
- (ii) in the case of a contract for procurement of supplies (other than procurement from a regular dealer in such supplies), the concern will perform work for at least 50 percent of the cost of manufacturing the supplies (not including the cost of materials).

(B) The Administrator may change the percentage under clause (i) or (ii) of subparagraph (A) if the Administrator determines that such change is necessary to reflect conventional industry practices among business concerns that are below the numerical size standard for businesses in that industry category. A percentage established under the preceding sentence may

not differ from a percentage established under section 644(o) of this title.

(C) The Administration shall establish, through public rulemaking, requirements similar to those specified in subparagraph (A) to be applicable to contracts for general and specialty construction and to contracts for any other industry category not otherwise subject to the requirements of such subparagraph. The percentage applicable to any such requirement shall be determined in accordance with subparagraph (B), except that such a percentage may not differ from a percentage established under section 644(o) of this title for the same industry category.

(15) For purposes of this subsection, the term “Native Hawaiian Organization” means any community service organization serving Native Hawaiians in the State of Hawaii which—

(A) is a not-for-profit organization chartered by the State of Hawaii,

(B) is controlled by Native Hawaiians, and

(C) whose business activities will principally benefit such Native Hawaiians.

(16)(A) The Administration shall award sole source contracts under this section to any small business concern recommended by the procuring agency offering the contract opportunity if—

(i) the Program Participant is determined to be a responsible contractor with respect to performance of such contract opportunity;

(ii) the award of such contract would be consistent with the Program Participant’s business plan; and

(iii) the award of the contract would not result in the Program Participant exceeding the requirements established by section 636(j)(10)(I) of this title.

(B) To the maximum extent practicable, the Administration shall promote the equitable geographic distribution of sole source contracts awarded pursuant to this subsection.

(17)(A) An otherwise responsible business concern that is in compliance with the requirements of subparagraph (B) shall not be denied the opportunity to submit and have considered its offer for any procurement contract for the supply of a product to be let pursuant to this subsection or subsection (a) of section 644 of this title solely because such concern is other than the actual manufacturer or processor of the product to be supplied under the contract.

(B) To be in compliance with the requirements referred to in subparagraph (A), such a business concern shall—

(i) be primarily engaged in the wholesale or retail trade;

(ii) be a small business concern under the numerical size standard for the Standard Industrial Classification Code assigned to the contract solicitation on which the offer is being made;

(iii) be a regular dealer, as defined pursuant to section 35(a)¹ of title 41 (popularly referred to as the Walsh-Healey Public Contracts Act), in the product to be offered the Government or be specifically exempted from such section by section 636(j)(13)(C) of this title; and

(iv) represent that it will supply the product of a domestic small business manufacturer or

processor, unless a waiver of such requirement is granted—

(II) by the Administrator for a product (or class of products), after determining that no small business manufacturer or processor is available to participate in the Federal procurement market.

(18)(A) No person within the employ of the Administration shall, during the term of such employment and for a period of two years after such employment has been terminated, engage in any activity or transaction specified in subparagraph (B) with respect to any Program Participant during such person's term of employment, if such person participated personally (either directly or indirectly) in decision-making responsibilities relating to such Program Participant or with respect to the administration of any assistance provided to Program Participants generally under this subsection, section 636(j)(10) of this title, or section 636(a)(20) of this title.

(B) The activities and transactions prohibited by subparagraph (A) include—

(i) the buying, selling, or receiving (except by inheritance) of any legal or beneficial ownership of stock or any other ownership interest or the right to acquire any such interest;

(ii) the entering into or execution of any written or oral agreement (whether or not legally enforceable) to purchase or otherwise obtain any right or interest described in clause (i); or

(iii) the receipt of any other benefit or right that may be an incident of ownership.

(C)(i) The employees designated in clause (ii) shall annually submit a written certification to the Administration regarding compliance with the requirements of this paragraph.

(ii) The employees referred to in clause (i) are—

(I) regional administrators;

(II) district directors;

(III) the Associate Administrator for Minority Small Business and Capital Ownership Development;

(IV) employees whose principal duties relate to the award of contracts or the provision of other assistance pursuant to this subsection or section 636(j)(10) of this title; and

(V) such other employees as the Administrator may deem appropriate.

(iii) Any present or former employee of the Administration who violates this paragraph shall be subject to a civil penalty, assessed by the Attorney General, that shall not exceed 300 per centum of the maximum amount of gain such employee realized or could have realized as a result of engaging in those activities and transactions prescribed by subparagraph (B).

(iv) In addition to any other remedy or sanction provided for under law or regulation, any person who falsely certifies pursuant to clause

(i) shall be subject to a civil penalty under the Program Fraud Civil Remedies Act of 1986 (31 U.S.C. 3801–3812).

(19)(A) Any employee of the Administration who has authority to take, direct others to take, recommend, or approve any action with respect to any program or activity conducted pursuant to this subsection or section 636(j) of this title, shall not, with respect to any such action, exercise or threaten to exercise such authority on the basis of the political activity or affiliation of any party. Employees of the Administration shall expeditiously report to the Inspector General of the Administration any such action for which such employee's participation has been solicited² or directed.

(B) Any employee who willfully and knowingly violates subparagraph (A) shall be subject to disciplinary action which may consist of separation from service, reduction in grade, suspension, or reprimand.

(C) Subparagraph (A) shall not apply to any action taken as a penalty or other enforcement of a violation of any law, rule, or regulation prohibiting or restricting political activity.

(D) The prohibitions of subparagraph (A), and remedial measures provided for under subparagraphs (B) and (C) with regard to such prohibitions, shall be in addition to, and not in lieu of, any other prohibitions, measures or liabilities that may arise under any other provision of law.

(ii) The amount of compensation received by any person listed under clause (i) during the relevant reporting period and a description of the activities performed in return for such compensation.

(B) The Business Opportunity Specialist shall promptly review and forward such report to the Associate Administrator for Minority Small Business and Capital Ownership Development. Any report that raises a suspicion of improper activity shall be reported immediately to the Inspector General of the Administration.

(C) The failure to submit a report pursuant to the requirements of this subsection and applicable regulations shall be considered "good cause" for the initiation of a termination proceeding pursuant to section 636(j)(10)(F) of this title.

(21)(A) Subject to the provisions of subparagraph (B), a contract (including options) awarded pursuant to this subsection shall be performed by the concern that initially received such contract. Notwithstanding the provisions of the preceding sentence, if the owner or owners upon whom eligibility was based relinquish ownership or control of such concern, or enter into any agreement to relinquish such owner-

ship or control, such contract or option shall be terminated for the convenience of the Government, except that no repurchase costs or other damages may be assessed against such concerns due solely to the provisions of this subparagraph.

(B) The Administrator may, on a nondelegable basis, waive the requirements of subparagraph (A) only if one of the following conditions exist:

(i) When it is necessary for the owners of the concern to surrender partial control of such concern on a temporary basis in order to obtain equity financing.

(ii) The head of the contracting agency for which the contract is being performed certifies that termination of the contract would severely impair attainment of the agency's program objectives or missions;

(iii) Ownership and control of the concern that is performing the contract will pass to another small business concern that is a program participant, but only if the acquiring firm would otherwise be eligible to receive the award directly pursuant to subsection (a) of this section;

(iv) The individuals upon whom eligibility was based are no longer able to exercise control of the concern due to incapacity or death; or

(v) When, in order to raise equity capital, it is necessary for the disadvantaged owners of the concern to relinquish ownership of a majority of the voting stock of such concern, but only if—

(I) such concern has exited the Capital Ownership Development Program;

(II) the disadvantaged owners will maintain ownership of the largest single outstanding block of voting stock (including stock held by affiliated parties); and

(III) the disadvantaged owners will maintain control of daily business operations.

(C) The Administrator may waive the requirements of subparagraph (A) if—

(i) in the case of subparagraph (B) (i), (ii) and (iv), he is requested to do so prior to the actual relinquishment of ownership or control; and

(ii) in the case of subparagraph (B)(iii), he is requested to do so as soon as possible after the incapacity or death occurs.

(D) Concerns performing contracts awarded pursuant to this subsection shall be required to notify the Administration immediately upon entering an agreement (either oral or in writing) to transfer all or part of its stock or other ownership interest to any other party.

(E) Notwithstanding any other provision of law, for the purposes of determining ownership and control of a concern under this section, any potential ownership interests held by investment companies licensed under the Small Business Investment Act of 1958 [15 U.S.C. 661 et seq.] shall be treated in the same manner as interests held by the individuals upon whom eligibility is based.

(b) Procurement and property disposal powers; determination of small-business concerns

It shall also be the duty of the Administration and it is empowered, whenever it determines such action is necessary—

(1)(A) to provide technical and managerial aids to small-business concerns, by advising and counseling on matters in connection with Government procurement and property disposal and on policies, principles, and practices of good management, including but not limited to cost accounting, methods of financing, business insurance, accident control, wage incentives, computer security, and methods engineering, by cooperating and advising with voluntary business, professional, educational, and other nonprofit organizations, associations, and institutions and with other Federal and State agencies, by maintaining a clearinghouse for information concerning the managing, financing, and operation of small-business enterprises, including information on the benefits and risks of franchising, by disseminating such information, and by such other activities as are deemed appropriate by the Administration; and³ In the case of cosponsored activities which include the participation of a Federal, State, or local public official or agency, the Administration shall take such actions as it deems necessary to ensure that the cooperation does not constitute or imply an endorsement by the Administration of or give undue recognition to the public official or agency, and the Administration shall ensure that it receives appropriate recognition in all cosponsored printed materials, whether the participant is a profit making concern or a governmental agency or public official.

(B) To establish, conduct, and publicize, and to recruit, select, and train volunteers for (and to enter into contracts, grants, or cooperative agreements therefor), volunteer programs, including a Service Corps of Retired Executives (SCORE) and an Active Corps of Executive (ACE) for the purposes of subparagraph (A); and to facilitate the implementation of such volunteer programs the Administration may maintain at its headquarters and pay the expenses of a team of volunteers subject to such conditions and limitations as the Administration deems appropriate: *Provided*, That any such payments made pursuant to this subparagraph shall be effective only to such extent or in such amounts as are provided in advance in appropriation Acts.

(C) To allow any individual or group of persons participating with it in furtherance of the purposes of subparagraphs (A) and (B) to use the Administration's office facilities and related material and services as the Administration deems appropriate, including clerical and stenographic services:

(i) such volunteers, while carrying out activities under this paragraph shall be deemed Federal employees for the purposes of the Federal tort claims provisions in title 28; and for the purposes of subchapter I of chapter 81 of title 5 (relative to compensation to Federal employees for work injuries) shall be deemed civil employees of the United States within the meaning of the term "employee" as defined in section 8101 of title 5, and the provisions of that sub-

chapter shall apply except that in computing compensation benefits for disability or death, the monthly pay of a volunteer shall be deemed that received under the entrance salary for a grade GS-11 employee;

(ii) the Administrator is authorized to reimburse such volunteers for all necessary out-of-pocket expenses incident to their provision of services under this chapter, or in connection with attendance at meetings sponsored by the Administration, or for the cost of malpractice insurance, as the Administrator shall determine, in accordance with regulations which he or she shall prescribe, and, while they are carrying out such activities away from their homes or regular places of business, for travel expenses (including per diem in lieu of subsistence) as authorized by section 5703 of title 5 for individuals serving without pay; and

(iii) such volunteers shall in no way provide services to a client of such Administration with a delinquent loan outstanding, except upon a specific request signed by such client for assistance in connection with such matter.

(D) Notwithstanding any other provision of law, no payment for supportive services or reimbursement of out-of-pocket expenses made to persons serving pursuant to this paragraph shall be subject to any tax or charge or be treated as wages or compensation for the purposes of unemployment, disability, retirement, public assistance, or similar benefit payments, or minimum wage laws.

(E) In carrying out its functions under subparagraph (A), to make grants (including contracts and cooperative agreements) to any public or private institution of higher education for the establishment and operation of a small business institute, which shall be used to provide business counseling and assistance to small business concerns through the activities of students enrolled at the institution, which students shall be entitled to receive educational credits for their activities.

(F) Notwithstanding any other provision of law and pursuant to regulations which the Administrator shall prescribe, counsel may be employed and counsel fees, court costs, bail, and other expenses incidental to the defense of volunteers may be paid in judicial or administrative proceedings arising directly out of the performance of activities pursuant to this paragraph, to which volunteers have been made parties.

(G) In carrying out its functions under this chapter and to carry out the activities authorized by title IV of the Women's Business Ownership Act of 1988, the Administration is authorized to accept, in the name of the Administration, and employ or dispose of in furtherance of the purposes of this chapter, any money or property, real, personal, or mixed, tangible, or intangible, received by gift, devise, bequest, or otherwise; and, further, to accept gratuitous services and facilities.

(2) to make a complete inventory of all productive facilities of small-business concerns or to arrange for such inventory to be made by any other governmental agency which has the

facilities. In making any such inventory, the appropriate agencies in the several States may be requested to furnish an inventory of the productive facilities of small-business concerns in each respective State if such an inventory is available or in prospect;

(3) to coordinate and to ascertain the means by which the productive capacity of small-business concerns can be most effectively utilized;

(4) to consult and cooperate with officers of the Government having procurement or property disposal powers, in order to utilize the potential productive capacity of plants operated by small-business concerns;

(5) to obtain information as to methods and practices which Government prime contractors utilize in letting subcontracts and to take action to encourage the letting of subcontracts by prime contractors to small-business concerns at prices and on conditions and terms which are fair and equitable;

(6) to determine within any industry the concerns, firms, persons, corporations, partnerships, cooperatives, or other business enterprises which are to be designated "small-business concerns" for the purpose of effectuating the provisions of this chapter. To carry out this purpose the Administrator, when requested to do so, shall issue in response to each such request an appropriate certificate certifying an individual concern as a "small-business concern" in accordance with the criteria expressed in this chapter. Any such certificate shall be subject to revocation when the concern covered thereby ceases to be a "small-business concern". Offices of the Government having procurement or lending powers, or engaging in the disposal of Federal property or allocating materials or supplies, or promulgating regulations affecting the distribution of materials or supplies, shall accept as conclusive the Administration's determination as to which enterprises are to be designated "small-business concerns", as authorized and directed under this paragraph;

(7)(A) To certify to Government procurement officers, and officers engaged in the sale and disposal of Federal property, with respect to all elements of responsibility, including, but not limited to, capability, competency, capacity, credit, integrity, perseverance, and tenacity, of any small business concern or group of such concerns to receive and perform a specific Government contract. A Government procurement officer or an officer engaged in the sale and disposal of Federal property may not, for any reason specified in the preceding sentence preclude any small business concern or group of such concerns from being awarded such contract without referring the matter for a final disposition to the Administration.

(B) If a Government procurement officer finds that an otherwise qualified small business concern may be ineligible due to the provisions of section 35(a)⁴ of title 41, he shall notify the Administration in writing of such finding. The Administration shall review such finding and shall either dismiss it and certify

the small business concern to be an eligible Government contractor for a specific Government contract or if it concurs in the finding, forward the matter to the Secretary of Labor for final disposition, in which case the Administration may certify the small business concern only if the Secretary of Labor finds the small business concern not to be in violation.

(C) In any case in which a small business concern or group of such concerns has been certified by the Administration pursuant to (A) or (B) to be a responsible or eligible Government contractor as to a specific Government contract, the officers of the Government having procurement or property disposal powers are directed to accept such certification as conclusive, and shall let such Government contract to such concern or group of concerns without requiring it to meet any other requirement of responsibility or eligibility. CODIFICATION

Section was not enacted as part of the Small Business Act which comprises this chapter.

§ 638. Research and development**(a) Declaration of policy**

Research and development are major factors in the growth and progress of industry and the national economy. The expense of carrying on research and development programs is beyond the means of many small-business concerns, and such concerns are handicapped in obtaining the

benefits of research and development programs conducted at Government expense. These small-business concerns are thereby placed at a competitive disadvantage. This weakens the competitive free enterprise system and prevents the orderly development of the national economy. It is the policy of the Congress that assistance be given to small-business concerns to enable them to undertake and to obtain the benefits of research and development in order to maintain and strengthen the competitive free enterprise system and the national economy.

(b) Assistance to small-business concerns

It shall be the duty of the Administration, and it is empowered—

- (1) to assist small-business concerns to obtain Government contracts for research and development;
- (2) to assist small-business concerns to obtain the benefits of research and development performed under Government contracts or at Government expense;
- (3) to provide technical assistance to small-business concerns to accomplish the purposes of this section; and¹
- (4) to develop and maintain a source file and an information program to assure each qualified and interested small business concern the opportunity to participate in Federal agency small business innovation research programs and small business technology transfer pilot programs;
- (5) to coordinate with participating agencies a schedule for release of SBIR and STTR solicitations, and to prepare a master release schedule so as to maximize small businesses' opportunities to respond to solicitations;
- (6) to independently survey and monitor the operation of SBIR and STTR programs within participating Federal agencies; and
- (7) to report not less than annually to the Committee on Small Business of the Senate and the Committee on Small Business of the House of Representatives on the SBIR and STTR programs of the Federal agencies and the Administration's information and monitoring efforts related to the SBIR and STTR programs.

(c) Consultation and cooperation with Government agencies; studies and recommendations

The Administration is authorized to consult and cooperate with all Government agencies and to make studies and recommendations to such agencies, and such agencies are authorized and directed to cooperate with the Administration in order to carry out and to accomplish the purposes of this section.

(d) Joint programs; approval of agreements; withdrawal of approval; publication in Federal Register

(1) The Administrator is authorized to consult with representatives of small-business concerns with a view to assisting and encouraging such firms to undertake joint programs for research and development carried out through such corporate or other mechanism as may be most appropriate for the purpose. Such joint programs

¹ So in original. The word “and” probably should not appear.

may, among other things, include the following purposes:

(A) to construct, acquire, or establish laboratories and other facilities for the conduct of research;

(B) to undertake and utilize applied research;

(C) to collect research information related to a particular industry and disseminate it to participating members;

(D) to conduct applied research on a protected, proprietary, and contractual basis with member or nonmember firms, Government agencies, and others;

(E) to prosecute applications for patents and render patent services for participating members; and

(F) to negotiate and grant licenses under patents held under the joint program, and to establish corporations designed to exploit particular patents obtained by it.

(2) The Administrator may, after consultation with the Attorney General and the Chairman of the Federal Trade Commission, and with the prior written approval of the Attorney General, approve any agreement between small-business firms providing for a joint program of research and development, if the Administrator finds that the joint program proposed will maintain and strengthen the free enterprise system and the economy of the Nation. The Administrator or the Attorney General may at any time withdraw his approval of the agreement and the joint program of research and development covered thereby, if he finds that the agreement or the joint program carried on under it is no longer in the best interests of the competitive free enterprise system and the economy of the Nation. A copy of the statement of any such finding and approval intended to be within the coverage of this subsection, and a copy of any modification or withdrawal of approval, shall be published in the Federal Register. The authority conferred by this subsection on the Administrator shall not be delegated by him.

(3) No act or omission to act pursuant to and within the scope of any joint program for research and development, under an agreement approved by the Administrator under this subsection, shall be construed to be within the prohibitions of the antitrust laws or the Federal Trade Commission Act [15 U.S.C. 41 et seq.]. Upon publication in the Federal Register of the notice of withdrawal of his approval of the agreement granted under this subsection, either by the Administrator or by the Attorney General, the provisions of this subsection shall not apply to any subsequent act or omission to act by reason of such agreement or approval.

"(3) small business innovation research program participants have provided high quality research and development in a cost-effective manner;

"(7) the small business innovation research program has also helped to increase exports from small business concerns;

"(8) despite the general success of the small business innovation research program, the proportion of

Federal research and development funds received by small business concerns has not increased over the life of the program, but has remained at 3 percent; and

“(9) although the participating Federal agencies have successfully implemented most aspects of the small business innovation research program, additional outreach efforts are necessary to stimulate increased participation of socially and economically disadvantaged small business concerns.

“(c) COMMERCIAL APPLICATIONS STRATEGY.—Not later than 270 days after the date of the enactment of this Act [Oct. 23, 1992], the Secretary of Defense, in consultation with the Administrator of the Small Business Administration, shall develop and issue a strategy for effectuating the transition of successful projects under the Small Business Innovation Research Program from phase II under the program into phase III under the program.

“(d) REPEAL OF EXCLUSION OF CERTAIN ACTIVITIES.—[Amended this section.]

“(e) PERCENTAGE OF REQUIRED EXPENDITURES FOR SBIR CONTRACTS.—(1) The Small Business Innovation Research Program shall apply to the Department of Defense (including the military departments) as if the percentage specified in section 9(f)(1) of the Small Business Act (15 U.S.C. 638(f)(1)) with respect to fiscal years after fiscal year 1982 were determined in accordance with the table set forth in paragraph (2) (rather than 1.25 percent).

“(2)(A) The percentage under section 9(f)(1) of the Small Business Act (15 U.S.C. 638(f)(1)) for any fiscal year for the Department of Defense and each military department shall be determined in accordance with the following table:

If the determination of the Secretary is that there has been such a demonstrable reduction in the quality of research such that increasing the percentage under subparagraph (B) for fiscal years after fiscal year 1996 with respect to the department would adversely affect the performance of the department’s research programs, the Secretary shall be considered for purposes of subparagraph (B) to have made a negative determination. The determination of the Secretary concerned under this paragraph shall be made after considering the assessment of the Comptroller General with respect to that department in the report transmitted under subparagraph (D).

“(D) Not later than March 30, 1996, the Comptroller General shall transmit to the Congress and the Secretary of Defense a report setting forth the Comptroller General’s assessment, with respect to the Department of Defense of whether there has been a demonstrable reduction in the quality of research performed under funding agreements awarded by the department under the SBIR program since the beginning of fiscal year 1993 such that increasing the percentage under subparagraph (A) for fiscal years after fiscal year 1996 with respect to the department would adversely affect the performance of the department’s research programs.

“(3) small businesses are among the most cost-effective performers of research and development and are particularly capable of developing research and development results into new products.

“(b) Therefore, the purposes of the Act [amending this section] are—

“(4) an analysis of the extent to which awards in the first phase of the SBIR program are made to small business concerns that have received more than 15 second phase awards under the SBIR program in the preceding 5 fiscal years, considering—

“(A) the extent to which such concerns were able to secure Federal or private sector follow-on funding;

“(B) the extent to which the research developed under such awards was commercialized; and

“(C) the amount of commercialization of research developed under such awards, as compared to the amount of commercialization of SBIR research for the entire SBIR program;

“(5) the results of periodic random audits of the extramural budget of each such Federal agency;

“(6) a review of the extent to which the purposes of this title [see Short Title of 1992 Amendments note set out under section 631 of this title] and the Small Business Innovation Development Act of 1982 [see Short Title of 1982 Amendment note set out under section 631 of this title] have been met with regard to fostering and encouraging the participation of women-owned small business concerns and socially and economically disadvantaged small business concerns (as defined in the Small Business Act [15 U.S.C. 631 et seq.]) in technological innovation, in general, and the SBIR program, in particular;

WHEREAS the existence of a strong and healthy free enterprise system is directly related to the well being and competitive strength of small business concerns and their opportunities for free entry into business, growth, and expansion; and

WHEREAS the departments and agencies of the United States Government exercise, through their reg-

ulatory and other programs and practices, a significant influence on the well being and competitive strength of business concerns, particularly minority-owned business concerns, and their opportunities for free entry into business, growth and expansion; and

WHEREAS members of minority groups traditionally have aspired to own their own businesses and thereby to participate in our free enterprise system; and

WHEREAS members of certain minority groups through no fault of their own have been denied the full opportunity to achieve these aspirations; and

WHEREAS the policy of the Executive Branch of the United States Government continues to be, as was described by President Dwight D. Eisenhower, “to strive to eliminate obstacles to the growth of small business”; and

WHEREAS the Small Business Act (72 Stat. 384, 15 U.S.C. 631) declares the Congressional policy that the United States Government should aid, counsel, assist and protect, insofar as is possible, the interests of small business concerns; and

WHEREAS the Small Business Administration is the agency within the Executive Branch of the United States Government especially responsible for and with an established program of advocacy in matters relating to small business; and

WHEREAS section 8(b)(12) of the Small Business Act (72 Stat. 391, 15 U.S.C. 637(b)(12)) empowers the Small Business Administration to consult and cooperate with all Government agencies for the purpose of insuring that small business concerns receive fair and reasonable treatment from such agencies, and section 10(f) of that Act (72 Stat. 393, 15 U.S.C. 639(f)) requires each department and agency of the Federal Government, when requested by the Administrator of the Small Business Administration, to consult and cooperate with the Administration in the formulation by such department or agency of policies affecting small business concerns, in order to insure that small business interests will be recognized, protected, and preserved:

SECTION 1. The Small Business Administration, as the spokesman for and advocate of the small business community, shall advise and counsel small business concerns in their dealings with the departments and agencies of the United States Government to the end that the views of small business concerns will be fully heard, their rights fully protected, and their valid interests fully advanced.

In taking action on such matters, these departments and agencies shall act in a manner calculated to advance the valid interests of small business concerns.

SEC. 3. The Small Business Administration, whenever it determines that the valid interests of small business concerns so warrant, shall take such action as may be appropriate to insure the timely presentation to departments and agencies of the United States Government of matters materially affecting the well being or competitive strength of small business concerns or their opportunities for free entry into business, growth, or expansion. To this end, the Small Business Administration may participate in investigations, hearings, or other proceedings pending before such departments or agencies and submit evidence, briefs, and arguments in accordance with, and to the extent permitted by, the department's or agency's rules of practice and procedure.

SEC. 4. In performing the responsibilities and duties placed on it by this order, the Small Business Adminis-

tration shall particularly consider the needs and interests of minority-owned small business concerns and of members of minority groups seeking entry into the business community.

Nothing in this order shall be construed to authorize the Small Business Administration to act as an attorney for an individual concern in any investigation, hearing, or other proceeding pending before any department or agency of the United States Government. Nothing in this order shall be construed to subject any department or agency to the authority of any other department or agency, to affect the present authority of any department or agency to participate in the proceedings of another department or agency, or to affect the authority of the Attorney General under 28 U.S.C. 519.

The provisions of section 214 of act July 30, 1953, formerly classified to this section, were transferred to section 2[15] of Pub. L. 85-536, and are classified to section 644 of this title. See Codification note set out under section 631 of this title.

§ 644. Awards or contracts

(a) Determination

To effectuate the purposes of this chapter, small-business concerns within the meaning of this chapter shall receive any award or contract or any part thereof, and be awarded any contract for the sale of Government property, as to which it is determined by the Administration and the contracting procurement or disposal agency (1) to be in the interest of maintaining or mobilizing the Nation's full productive capacity, (2) to be in the interest of war or national defense programs, (3) to be in the interest of assuring that a fair proportion of the total purchases and contracts for property and services for the Government in each industry category are placed with small-business concerns, or (4) to be in the interest of assuring that a fair proportion of the total sales of Government property be made to small-business concerns; but nothing contained in this chapter shall be construed to change any preferences or priorities established by law with respect to the sale of electrical power or other property by the Government or any agency thereof. These determinations may be made for individual awards or

contracts or for classes of awards or contracts. If a proposed procurement includes in its statement of work goods or services currently being performed by a small business, and if the proposed procurement is in a quantity or estimated dollar value the magnitude of which renders small business prime contract participation unlikely, or if a proposed procurement for construction seeks to package or consolidate discrete construction projects, or the solicitation involves an unnecessary or unjustified bundling of contract requirements, as determined by the Administration, the Procurement Activity shall provide a copy of the proposed procurement to the Procurement Activity's Small Business Procurement Center Representative at least 30 days prior to the solicitation's issuance along with a statement explaining (1) why the proposed acquisition cannot be divided into reasonably small lots (not less than economic production runs) to permit offers on quantities less than the total requirement, (2) why delivery schedules cannot be established on a realistic basis that will encourage small business participation to the extent consistent with the actual requirements of the Government, (3) why the proposed acquisition cannot be offered so as to make small business participation likely, (4) why construction cannot be procured as separate discrete projects, or (5) why the agency has determined that the bundled contract (as defined in section 632(o) of this title) is necessary and justified. The thirty-day notification process shall occur concurrently with other processing steps required prior to issuance of the solicitation. Within 15 days after receipt of the proposed procurement and accompanying statement, if the Procurement Center Representative believes that the procurement as proposed will render small business prime contract participation unlikely, the Representative shall recommend to the Procurement Activity alternative procurement methods which would increase small business prime contracting opportunities. Whenever the Administration and the contracting procurement agency fail to agree, the matter shall be submitted for determination to the Secretary or the head of the appropriate department or agency by the Administrator. For purposes of clause (3) of the first sentence of this subsection, an industry category is a discrete group of similar goods and services. Such groups shall be determined by the Administration in accordance with the four-digit standard industrial classification codes contained in the Standard Industrial Classification Manual published by the Office of Management and Budget, except that the Administration shall limit such an industry category to a greater extent than provided under such classification codes if the Administration receives evidence indicating that further segmentation for purposes of this paragraph is warranted due to special capital equipment needs or special labor or geographic requirements or to recognize a new industry. A market for goods or services may not be segmented under the preceding sentence due to geographic requirements unless the Government typically designates the area where work for contracts for such goods or services is to be performed and Government purchases comprise the major portion of the entire

domestic market for such goods or services and, due to the fixed location of facilities, high mobilization costs, or similar economic factors, it is unreasonable to expect competition from business concerns located outside of the general areas where such concerns are located. A contract may not be awarded under this subsection if the award of the contract would result in a cost to the awarding agency which exceeds a fair market price.

(b) Placement of contracts by contracting procurement agency

With respect to any work to be performed the amount of which would exceed the maximum amount of any contract for which a surety may be guaranteed against loss under section 694b of this title, the contracting procurement agency shall, to the extent practicable, place contracts so as to allow more than one small business concern to perform such work.

(c) Programs for blind and handicapped individuals

(1) As used in this subsection:

(A) The term "Committee" means the Committee for Purchase From People Who Are Blind or Severely Disabled established under section 46 of title 41.

(B) The term "public or private organization for the handicapped" has the same meaning given such term in section 632(e) of this title.

(C) The term "handicapped individual" has the same meaning given such term in section 632(f) of this title.

(2)(A) During fiscal year 1995, public or private organizations for the handicapped shall be eligible to participate in programs authorized under this section in an aggregate amount not to exceed \$40,000,000.

(B) None of the amounts authorized for participation by subparagraph (A) may be placed on the procurement list maintained by the Committee pursuant to section 47 of title 41.

(3) The Administrator shall monitor and evaluate such participation.

(4)(A) Not later than ten days after the announcement of a proposed award of a contract by an agency or department to a public or private organization for the handicapped, a for-profit small business concern that has experienced or is likely to experience severe economic injury as the result of the proposed award may file an appeal of the proposed award with the Administrator.

(B) If such a concern files an appeal of a proposed award under subparagraph (A) and the Administrator, after consultation with the Executive Director of the Committee, finds that the concern has experienced or is likely to experience severe economic injury as the result of the proposed award, not later than thirty days after the filing of the appeal, the Administration shall require each agency and department having procurement powers to take such action as may be appropriate to alleviate economic injury sustained or likely to be sustained by the concern.

(5) Each agency and department having procurement powers shall report to the Office of Federal Procurement Policy each time a con-

tract subject to paragraph (2)(A) is entered into, and shall include in its report the amount of the next higher bid submitted by a for-profit small business concern. The Office of Federal Procurement Policy shall collect data reported under the preceding sentence through the Federal procurement data system and shall report to the Administration which shall notify all such agencies and departments when the maximum amount of awards authorized under paragraph (2)(A) has been made during any fiscal year.

(6) For the purpose of this subsection, a contract may be awarded only if at least 75 per centum of the direct labor performed on each item being produced under the contract in the sheltered workshop or performed in providing each type of service under the contract by the sheltered workshop is performed by handicapped individuals.

(7) Agencies awarding one or more contracts to such an organization pursuant to the provisions of this subsection may use multiyear contracts, if appropriate.

(d) Priority

For purposes of this section priority shall be given to the awarding of contracts and the placement of subcontracts to small business concerns which shall perform a substantial proportion of the production on those contracts and subcontracts within areas of concentrated unemployment or underemployment or within labor surplus areas. Notwithstanding any other provision of law, total labor surplus area set-asides pursuant to Defense Manpower Policy Number 4 (32A C.F.R. Chapter 1) or any successor policy shall be authorized if the Secretary or his designee specifically determines that there is a reasonable expectation that offers will be obtained from a sufficient number of eligible concerns so that awards will be made at reasonable prices. As soon as practicable and to the extent possible, in determining labor surplus areas, consideration shall be given to those persons who would be available for employment were suitable employment available. Until such definition reflects such number, the present criteria of such policy shall govern.

(e) Procurement strategies; contract bundling

(1) In general

To the maximum extent practicable, procurement strategies used by the various agencies having contracting authority shall facilitate the maximum participation of small business concerns as prime contractors, subcontractors, and suppliers.

(2) Market research

(A) In general

Before proceeding with an acquisition strategy that could lead to a contract containing consolidated procurement requirements, the head of an agency shall conduct market research to determine whether consolidation of the requirements is necessary and justified.

(B) Factors

For purposes of subparagraph (A), consolidation of the requirements may be determined as being necessary and justified if, as

compared to the benefits that would be derived from contracting to meet those requirements if not consolidated, the Federal Government would derive from the consolidation measurably substantial benefits, including any combination of benefits that, in combination, are measurably substantial. Benefits described in the preceding sentence may include the following:

- (i) Cost savings.
- (ii) Quality improvements.
- (iii) Reduction in acquisition cycle times.
- (iv) Better terms and conditions.
- (v) Any other benefits.

(C) Reduction of costs not determinative

The reduction of administrative or personnel costs alone shall not be a justification for bundling of contract requirements unless the cost savings are expected to be substantial in relation to the dollar value of the procurement requirements to be consolidated.

(3) Strategy specifications

If the head of a contracting agency determines that a proposed procurement strategy for a procurement involves a substantial bundling of contract requirements, the proposed procurement strategy shall—

(A) identify specifically the benefits anticipated to be derived from the bundling of contract requirements;

(B) set forth an assessment of the specific impediments to participation by small business concerns as prime contractors that result from the bundling of contract requirements and specify actions designed to maximize small business participation as subcontractors (including suppliers) at various tiers under the contract or contracts that are awarded to meet the requirements; and

(C) include a specific determination that the anticipated benefits of the proposed bundled contract justify its use.

(4) Contract teaming

In the case of a solicitation of offers for a bundled contract that is issued by the head of an agency, a small-business concern may submit an offer that provides for use of a particular team of subcontractors for the performance of the contract. The head of the agency shall evaluate the offer in the same manner as other offers, with due consideration to the capabilities of all of the proposed subcontractors. If a small business concern teams under this paragraph, it shall not affect its status as a small business concern for any other purpose.

(f) Repealed. Pub. L. 103-355, title VII, § 7101(a), Oct. 13, 1994, 108 Stat. 3367

(g) Goals for participation of small business concerns in procurement contracts

(1) The President shall annually establish Government-wide goals for procurement contracts awarded to small business concerns, qualified HUBZone small business concerns, small business concerns owned and controlled by socially and economically disadvantaged individuals,

and small business concerns owned and controlled by women. The Government-wide goal for participation by small business concerns shall be established at not less than 23 percent of the total value of all prime contract awards for each fiscal year. The Governmentwide goal for participation by qualified HUBZone small business concerns shall be established at not less than 1 percent of the total value of all prime contract awards for fiscal year 1999, not less than 1.5 percent of the total value of all prime contract awards for fiscal year 2000, not less than 2 percent of the total value of all prime contract awards for fiscal year 2001, not less than 2.5 percent of the total value of all prime contract awards for fiscal year 2002, and not less than 3 percent of the total value of all prime contract awards for fiscal year 2003 and each fiscal year thereafter. The Government-wide goal for participation by small business concerns owned and controlled by socially and economically disadvantaged individuals shall be established at not less than 5 percent of the total value of all prime contract and subcontract awards for each fiscal year. The Government-wide goal for participation by small business concerns owned and controlled by women shall be established at not less than 5 percent of the total value of all prime contract and subcontract awards for each fiscal year. Notwithstanding the Government-wide goal, each agency shall have an annual goal that presents, for that agency, the maximum practicable opportunity for small business concerns, qualified HUBZone small business concerns, small business concerns owned and controlled by socially and economically disadvantaged individuals, and small business concerns owned and controlled by women to participate in the performance of contracts let by such agency. The Administration and the Administrator of the Office of Federal Procurement Policy shall, when exercising their authority pursuant to paragraph (2), insure that the cumulative annual prime contract goals for all agencies meet or exceed the annual Government-wide prime contract goal established by the President pursuant to this paragraph.

(2) The head of each Federal agency shall, after consultation with the Administration, establish goals for the participation by small business concerns, by qualified HUBZone small business concerns, by small business concerns owned and controlled by socially and economically disadvantaged individuals, and by small business concerns owned and controlled by women in procurement contracts of such agency. Goals established under this subsection shall be jointly established by the Administration and the head of each Federal agency and shall realistically reflect the potential of small business concerns, qualified HUBZone small business concerns, small business concerns owned and controlled by socially and economically disadvantaged individuals, and small business concerns owned and controlled by women to perform such contracts and to perform subcontracts under such contracts. Whenever the Administration and the head of any Federal agency fail to agree on established goals, the disagreement shall be submitted to the Administrator of the Office of

Federal Procurement Policy for final determination. For the purpose of establishing goals under this subsection, the head of each Federal agency shall make consistent efforts to annually expand participation by small business concerns from each industry category in procurement contracts of the agency, including participation by qualified HUBZone small business concerns, by small business concerns owned and controlled by socially and economically disadvantaged individuals, and by small business concerns owned and controlled by women. The head of each Federal agency, in attempting to attain such participation, shall consider—

(A) contracts awarded as the result of unrestricted competition; and

(B) contracts awarded after competition restricted to eligible small business concerns under this section and under the program established under section 637(a) of this title.

(h) Reports to Administration; submittal of information to Congress

(1) At the conclusion of each fiscal year, the head of each Federal agency shall report to the Administration on the extent of participation by small business concerns, qualified HUBZone small business concerns, small business concerns owned and controlled by socially and economically disadvantaged individuals, and small business concerns owned and controlled by women in procurement contracts of such agency. Such reports shall contain appropriate justifications for failure to meet the goals established under subsection (g) of this section.

(2) The Administration shall annually compile and analyze the reports submitted by the individual agencies pursuant to paragraph (1) and shall submit them to the President. The Administration's submission to the President shall include the following:

(A) The Government-wide goals for participation by small business concerns, qualified HUBZone small business concerns, small business concerns owned and controlled by socially and economically disadvantaged individuals, and small business concerns owned and controlled by women and the performance in attaining such goals.

(B) The goals in effect for each agency and the agency's performance in attaining such goals.

(C) An analysis of any failure to achieve the Government-wide goals or any individual agency goals and the actions planned by such agency (and approved by the Administration) to achieve the goals in the succeeding fiscal year.

(D) The number and dollar value of contracts awarded to small business concerns, qualified HUBZone small business concerns, small business concerns owned and controlled by socially and economically disadvantaged individuals, and small business concerns owned and controlled by women through—

(i) noncompetitive negotiation,

(ii) competition restricted to small business concerns owned and controlled by socially and economically disadvantaged individuals,

(iii) competition restricted to small business concerns, qualified HUBZone small business concerns, and

(iv) unrestricted competitions,

for each agency and on a Government-wide basis.

(E) The number and dollar value of subcontracts awarded to small business concerns, qualified HUBZone small business concerns, small business concerns owned and controlled by socially and economically disadvantaged individuals, and small business concerns owned and controlled by women.

(F) The number and dollar value of prime contracts and subcontracts awarded to small business concerns owned and controlled by women.

(3) The President shall include the information required by paragraph (2) in each annual report to the Congress on the state of small business prepared pursuant to section 631b(a) of this title.

(i) Small business set-asides

Nothing in this chapter or any other provision of law precludes exclusive small business set-asides for procurements of architectural and engineering services, research, development, test and evaluation, and each Federal agency is authorized to develop such set-asides to further the interests of small business in those areas.

(j) Small business reservation

(1) Each contract for the purchase of goods and services that has an anticipated value greater than \$2,500 but not greater than \$100,000 shall be reserved exclusively for small business concerns unless the contracting officer is unable to obtain offers from two or more small business concerns that are competitive with market prices and are competitive with regard to the quality and delivery of the goods or services being purchased.

(2) In carrying out paragraph (1), a contracting officer shall consider a responsive offer timely received from an eligible small business offeror.

(3) Nothing in paragraph (1) shall be construed as precluding an award of a contract with a value not greater than \$100,000 under the authority of subsection (a) of section 637 of this title, section 2323 of title 10, section 712 of the Business Opportunity Development Reform Act of 1988 (Public Law 100-656; 15 U.S.C. 644 note), or section 7102 of the Federal Acquisition Streamlining Act of 1994.

(k) Office of Small and Disadvantaged Business Utilization; Director

There is hereby established in each Federal agency having procurement powers an office to be known as the “Office of Small and Disadvantaged Business Utilization”. The management of each such office shall be vested in an officer or employee of such agency who shall—

(1) be known as the “Director of Small and Disadvantaged Business Utilization” for such agency,

(2) be appointed by the head of such agency,

(3) be responsible only to, and report directly to, the head of such agency or to the deputy of such head, except that the director for the Office of the Secretary of Defense shall be responsible only to, and report directly to, such Secretary or the Secretary’s designee,

(4) be responsible for the implementation and execution of the functions and duties under this section and section 637 of this title which relate to such agency,

(5) identify proposed solicitations that involve significant bundling of contract requirements, and work with the agency acquisition officials and the Administration to revise the procurement strategies for such proposed solicitations where appropriate to increase the probability of participation by small businesses as prime contractors, or to facilitate small business participation as subcontractors and suppliers, if a solicitation for a bundled contract is to be issued;

(6) assist small business concerns to obtain payments, required late payment interest penalties, or information regarding payments due to such concerns from an executive agency or a contractor, in conformity with chapter 39 of title 31 or any other protection for contractors or subcontractors (including suppliers) that is included in the Federal Acquisition Regulation or any individual agency supplement to such Government-wide regulation,

(7) have supervisory authority over personnel of such agency to the extent that the functions and duties of such personnel relate to functions and duties under this section and section 637 of this title,

(8) assign a small business technical adviser to each office to which the Administration has assigned a procurement center representative—

(A) who shall be a full-time employee of the procuring activity and shall be well qualified, technically trained and familiar with the supplies or services purchased at the activity, and

(B) whose principal duty shall be to assist the Administration procurement center representative in his duties and functions relating to this section and section 637 of this title,

(9) cooperate, and consult on a regular basis, with the Administration with respect to carrying out the functions and duties described in paragraph (4) of this subsection, and

(10) make recommendations to contracting officers as to whether a particular contract requirement should be awarded pursuant to subsection (a) of this section, or section 637(a) of this title or section 2323 of title 10. Such recommendations shall be made with due regard to the requirements of subsection (m) of this section, and the failure of the contracting officer to accept any such recommendations shall be documented and included within the appropriate contract file.

This subsection shall not apply to the Administration.

(l) Breakout procurement center representatives

(1) The Administration shall assign to each major procurement center a breakout procurement center representative with such assistance as may be appropriate. The breakout procurement center representative shall carry out the activities described in paragraph (2), and shall be an advocate for the breakout of items for pro-

curement through full and open competition, whenever appropriate, while maintaining the integrity of the system in which such items are used, and an advocate for the use of full and open competition, whenever appropriate, for the procurement of supplies and services by such center. Any breakout procurement center representative assigned under this subsection shall be in addition to the representative referred to in subsection (k)(6) of this section.

(2) In addition to carrying out the responsibilities assigned by the Administration, a breakout procurement center representative is authorized to—

(A) attend any provisioning conference or similar evaluation session during which determinations are made as to whether requirements are to be procured through other than full and open competition and make recommendations with respect to such requirements to the members of such conference or session;

(B) review, at any time, restrictions on competition previously imposed on items through acquisition method coding or similar procedures, and recommend to personnel of the appropriate activity the prompt reevaluation of such limitations;

(C) review restrictions on competition arising out of restrictions on the rights of the United States in technical data, and, when appropriate, recommend that personnel of the appropriate activity initiate a review of the validity of such an asserted restriction;

(D) obtain from any governmental source, and make available to personnel of the appropriate activity, technical data necessary for the preparation of a competitive solicitation package for any item of supply or service previously procured noncompetitively due to the unavailability of such technical data;

(E) have access to procurement records and other data of the procurement center commensurate with the level of such representative's approved security clearance classification;

(F) receive unsolicited engineering proposals and, when appropriate (i) conduct a value analysis of such proposal to determine whether such proposal, if adopted, will result in lower costs to the United States without substantially impeding legitimate acquisition objectives and forward to personnel of the appropriate activity recommendations with respect to such proposal, or (ii) forward such proposals without analysis to personnel of the activity responsible for reviewing such proposals and who shall furnish the breakout procurement center representative with information regarding the disposition of any such proposal; and

(G) review the systems that account for the acquisition and management of technical data within the procurement center to assure that such systems provide the maximum availability and access to data needed for the preparation of offers to sell to the United States those supplies to which such data pertain which potential offerors are entitled to receive.

(3) A breakout procurement center representative is authorized to appeal the failure to act favorably on any recommendation made pursuant to paragraph (2). Such appeal shall be filed and

processed in the same manner and subject to the same conditions and limitations as an appeal filed by the Administrator pursuant to subsection (a) of this section.

(4) The Administration shall assign and co-locate at least two small business technical advisers to each major procurement center in addition to such other advisers as may be authorized from time to time. The sole duties of such advisers shall be to assist the breakout procurement center representative for the center to which such advisers are assigned in carrying out the functions described in paragraph (2) and the representatives referred to in subsection (k)(6) of this section.

(5)(A) The breakout procurement center representatives and technical advisers assigned pursuant to this subsection shall be—

(i) full-time employees of the Administration; and

(ii) fully qualified, technically trained, and familiar with the supplies and services procured by the major procurement center to which they are assigned.

(B) In addition to the requirements of subparagraph (A), each breakout procurement center representative, and at least one technical adviser assigned to such representative, shall be an accredited engineer.

(C) The Administration shall establish personnel positions for breakout procurement representatives and advisers assigned pursuant to this subsection, which are classified at a grade level of the General Schedule sufficient to attract and retain highly qualified personnel.

(6) For purposes of this subsection, the term "major procurement center" means a procurement center that, in the opinion of the Administrator, purchases substantial dollar amounts of other than commercial items and which has the potential to incur significant savings as the result of the placement of a breakout procurement center representative.

(7)(A) At such times as the Administrator deems appropriate, the breakout procurement center representative shall conduct familiarization sessions for contracting officers and other appropriate personnel of the procurement center to which such representative is assigned. Such sessions shall acquaint the participants with the provisions of this subsection and shall instruct them in methods designed to further the purposes of such subsection.

(B) The breakout procurement center representative shall prepare and personally deliver an annual briefing and report to the head of the procurement center to which such representative is assigned. Such briefing and report shall detail the past and planned activities of the representative and shall contain such recommendations for improvement in the operation of the center as may be appropriate. The head of such center shall personally receive such briefing and report and shall, within sixty calendar days after receipt, respond, in writing, to each recommendation made by such representative.

(m) Relationship to other procurement programs

(1) Each agency subject to the requirements of section 2323 of title 10 shall, when implementing such requirements—

(A) establish policies and procedures that insure that there will be no reduction in the number of dollar value of contracts awarded pursuant to this section and section 637(a) of this title in order to achieve any goal or other program objective; and

(B) assure that such requirements will not alter or change the procurement process used to implement this section or section 637(a) of this title.

(2) All procurement center representatives (including those referred to in subsection (k)(6) of this section), in addition to such other duties as may be assigned by the Administrator, shall—

(A) monitor the performance of the procurement activities to which they are assigned to ascertain the degree of compliance with the requirements of paragraph (1);

(B) report to their immediate supervisors all instances of noncompliance with such requirements; and

(C) increase, insofar as possible, the number and dollar value of procurements that may be used for the programs established under this section, section 637(a) of this title, and section 2323 of title 10.

(n) Determination of labor surplus areas

For purposes of this section, the determination of labor surplus areas shall be made on the basis of the criteria in effect at the time of the determination, except that any minimum population criteria shall not exceed twenty-five thousand. Such determination, as modified by the preceding sentence, shall be made by the Secretary of Labor.

(o) Requirements for performance of contracts by employees of small business concerns

(1) A concern may not be awarded a contract under subsection (a) of this section as a small business concern unless the concern agrees that—

(A) in the case of a contract for services (except construction), at least 50 percent of the cost of contract performance incurred for personnel shall be expended for employees of the concern;

(B) in the case of a contract for procurement of supplies (other than procurement from a regular dealer in such supplies), the concern will perform work for at least 50 percent of the cost of manufacturing the supplies (not including the cost of materials).

(2) The Administrator may change the percentage under subparagraph (A) or (B) of paragraph (1) if the Administrator determines that such change is necessary to reflect conventional industry practices among business concerns that are below the numerical size standard for businesses in that industry category.

(3) The Administration shall establish, through public rulemaking, requirements similar to those specified in paragraph (1) to be applicable to contracts for general and specialty construction and to contracts for any other industry category not otherwise subject to the requirements of such paragraph. The percentage applicable to any such requirement shall be determined in accordance with paragraph (2).

quired by subsection (g) [amending section 717 of Pub. L. 100-656, set out below]) and the system for collecting data regarding other than prime contract awards (as required by subsection (d) [amending section 714 of Pub. CONTRACT BUNDLING STUDY

Section 321 of Pub. L. 102-366 provided that:

“(a) IN GENERAL.—The Administrator of the Small Business Administration, acting through the Associate Administrator for Procurement Assistance, shall conduct a study regarding the impact of the practice known as ‘contract bundling’ on the participation of small business concerns in the Federal procurement process.

“(b) PURPOSE.—In addition to such other matters as the Associate Administrator for Procurement Assistance deems appropriate to assure the conduct of a comprehensive study and the development of practical recommendations, the study required by subsection (a) shall—

“(1) identify the benefits and adverse effects of contract bundling to the procuring agencies;

“(2) identify the benefits and adverse effects of contract bundling on small business concerns;

“(3) examine the adequacy of the policy direction to agency procurement officials regarding the bundling of contract requirements;

“(4) examine the extent to which agencies have been combining their requirements for the procurement of goods and services (including construction) into solicitations requiring an offeror to be able to perform increasingly larger contracts covering multiple and diverse elements of performance;

“(5) consider the appropriateness of the explanatory statements submitted by the procuring agencies pursuant to section 15(a) of the Small Business Act [15 U.S.C. 644(a)] regarding bundling of contract requirements; and

“(6) determine whether procurement center representatives, small business specialists, or other agency procurement officials can, under existing guidance and authority, have the necessary policy direction and effective authority to make an independent assessment regarding a proposed bundling of contract requirements.

“(c) PARTICIPATION.—

“(1) IN GENERAL.—In conducting the study described in subsection (b), the Associate Administrator for Procurement Assistance shall provide for participation by representatives of—

“(A) the Office of the Chief Counsel for Advocacy;

“(B) the Office of Federal Procurement Policy; and

“(f) DEFINITION.—For purposes of this section, the term ‘contracting bundling’ or ‘bundling of contract requirements’ refers to the practice of consolidating into a single large contract solicitation multiple procurement requirements that were previously solicited and awarded as separate smaller contracts, generally resulting in a contract opportunity unsuitable for award to a small business concern due to the diversity and size of the elements of performance specified and the aggregate dollar value of the anticipated award.”

L. 105-135, title IV, §§ 401-405, Dec. 2, 1997, 111 Stat. 2616, provided that:

“PART A—SHORT TITLE AND FINDINGS

“SEC. 701. SHORT TITLE.

“This title [amending section 632 of this title and section 541 of Title 40, Public Buildings, Property, and Works, enacting provisions set out as notes under sections 632 and 644 of this title, and amending provisions set out as a note under section 644 of this title] may be cited as the ‘Small Business Competitiveness Demonstration Program Act of 1988’.

“SEC. 702. FINDINGS.

“The Congress finds that—

“(1) many small business concerns have repeatedly demonstrated their ability to fulfill a broad range of Government requirements for products, services (including research, development, technical, and professional services), and construction, through the Federal procurement process;

“(2) various Congressional mandated reforms to the Federal procurement process, including the Competition in Contracting Act of 1984 [Pub. L. 98-369, div. B, title VII, see Tables for classification], the Defense Procurement Reform Act of 1984 [Pub. L. 98-525, title XII, see Tables for classification], and the Small Business and Federal Procurement Competition Enhancement Act of 1984 [Pub. L. 98-577, see Tables for classification], were designed to eliminate obstacles to competition and thereby to broaden small business participation; and

“(3) traditional agency efforts to implement the mandate for small business participation in a fair proportion of Federal procurements as required by section 15(a) of the Small Business Act [15 U.S.C. 644(a)] have resulted in—

“(A) a concentration of procurement contract awards in a limited number of industry categories, often dominated by small business concerns, through the use of set-asides, for the purpose of as-

sureing the attainment of the agency’s overall small business contracting goals; and

“(B) inadequate efforts to expand small business participation in agency procurements of products or services which have historically demonstrated low rates of small business participation despite substantial potential for expanded small business participation.

“PART B—DEMONSTRATION PROGRAM

“SEC. 711. SMALL BUSINESS COMPETITIVENESS DEMONSTRATION PROGRAM.

“(a) ESTABLISHMENT.—There is established a Small Business Competitiveness Demonstration Program (hereafter referred to in this title as ‘the Program’) pursuant to section 15 of the Office of Federal Procurement Policy Act (41 U.S.C. 413) to provide for the testing of innovative procurement methods and procedures. The Administrator of Federal Procurement Policy shall designate the Administrator of the Small Business Administration as the executive agent responsible for conducting the test.

“(b) PURPOSES.—The purposes of the Program are to demonstrate whether—

“(1) the competitive capabilities of small business firms in certain industry categories will enable them to successfully compete on an unrestricted basis for Federal contracting opportunities,

“(2) the use of targeted goaling and management techniques by procuring agencies, in conjunction with the Small Business Administration, can expand small business participation in Federal contracting opportunities which have been historically low, despite adequate numbers of qualified small business contractors in the economy, and

“(3) expanded use of full and open competition, as specified by the Competition in Contracting Act of 1984 (10 U.S.C. 2302(3) and 41 U.S.C. 403(7)), adversely affects small business participation in certain industry categories, taking into consideration the numerical dominance of small firms, the size and scope of most contracting opportunities, and the competitive capabilities of small firms.

“(c) PROGRAM TERM.—The Program shall commence on January 1, 1989.

“(d) APPLICATION.—The Program shall apply to contract solicitations for the procurement of services in industry groups designated in section 717.

“SEC. 712. ENHANCED SMALL BUSINESS PARTICIPATION GOALS.

“(a) ENHANCED GOALS FOR DESIGNATED INDUSTRY GROUPS.—Each participating agency shall establish an annual small business participation goal that is 40 percent of the dollar value of the contract awards for each of the designated industry groups. In attaining its small business participation goal for contract awards for each of the designated industry groups, each participating agency shall make a good faith effort to assure that emerging small business concerns are awarded not less than 15 percent of the dollar value of the contract awards for each of the designated industry groups.

“(b) SPECIAL ASSISTANCE FOR EMERGING SMALL BUSINESS CONCERNS.—

“(1) SMALL BUSINESS RESERVE.—During the term of the Program, all contract opportunities in the industry groups designated in section 717 shall be reserved for exclusive competition among emerging small business concerns in accordance with the competition standard specified in section 15(j) of the Small Business Act (15 U.S.C. 644(j)), if the estimated award value of the contract is equal to or less than the greater of:

“(A) \$25,000, or

“(B) such larger dollar amount established pursuant to paragraph (2).

“(2) ADJUSTMENTS TO THE SMALL BUSINESS RESERVE.—If the goal of awarding emerging small business concerns 15 percent of the total dollar value of

contracts in a designated industry category is determined not to have been attained, upon the review of award data conducted in accordance with subsection (d)(1) of this section, the Administrator for Federal Procurement Policy, to ensure attainment of such goal, shall prescribe, on a semiannual basis, appropriate adjustments to the dollar threshold for contract opportunities in such designated industry category below which competition shall be conducted exclusively among emerging small business concerns.

“(3) SMALL BUSINESS SMALL PURCHASE RESERVE.—The requirements of this subsection dealing with the reserve amount shall apply notwithstanding the amount specified in section 15(j) of the Small Business Act (15 U.S.C. 644(j)).

“(4) EXCLUSION OF MODIFICATIONS TO EXISTING CONTRACTS ABOVE THE SMALL PURCHASE THRESHOLD.—Any modification or follow-on award to a contract having an initial award value in excess of \$25,000 shall not be subject to the limitations on competition required by this subsection.

“(c) TARGETING INDUSTRY CATEGORIES WITH LIMITED SMALL BUSINESS PARTICIPATION.—(1) Concurrent with the term of the Small Business Competitiveness Demonstration Program, the head of each participating agency shall implement a program to expand small business participation in the agency’s acquisition of selected products and services in 10 industry categories which have historically demonstrated low rates of small business participation. The products and services to be targeted for the small business participation expansion program and the special goals for such program, shall be developed in conjunction with the Administrator of the Small Business Administration, and shall be subject to the requirements of section 15(g) of the Small Business Act (15 U.S.C. 644(g)).

“(2) The products or services selected for the small business participation expansion program shall be drawn from industry categories that:

“(A) are the recipients of substantial purchases by the Federal Government;

“(B) have less than 10 percent of such annual purchases made from small business concerns; and

“(C) have significant amounts of small business productive capacity that have not been utilized by the Government.

“(3) In developing its small business participation expansion program, each participating agency shall:

“(A) prepare, and furnish to the Administration, a detailed, time-phased strategy (with incremental numerical goals); and

“(B) encourage and promote joint ventures, teaming agreements and other similar arrangements, which permit small business concerns to effectively compete for contract solicitations for which an individual small business concern would lack the requisite capacity or capability needed to establish responsibility for the award of a contract.

“(d) MONITORING AGENCY PERFORMANCE.—

“(1) Participating agencies shall monitor the attainment of their small business participation goals on an annual basis. An annual review by each participating agency shall be completed not later than January 31 of each year, based on the data for the preceding fiscal year, from October 1 through September 30.

“(2) All awards to small business concerns (including small business concerns owned and controlled by socially and economically disadvantaged individuals) shall be counted toward attainment of the goals specified in subsection (a) of this section.

“(3) Modifications to a participating agency’s solicitation practices, pursuant to section 713(b), shall be made at the beginning of the fiscal year quarter following each review, if the rate of small business participation is less than 40 percent of the contract awards.

“SEC. 713. PROCUREMENT PROCEDURES.

“(a) FULL AND OPEN COMPETITION.—Except as provided in subsections (b) and (c), each contract oppor-

tunity with an anticipated value of more than \$25,000 for the procurement of services from firms in the designated industry groups (unless set aside pursuant to section 8(a) of the Small Business Act (15 U.S.C. 637(a)) or section 2323 of title 10, United States Code) shall be solicited on an unrestricted basis during the term of the Program, if the participating agency has attained its small business participation goal pursuant to section 712(a). Any regulatory requirements which are inconsistent with this provision shall be waived.

“(b) RESTRICTED COMPETITION.—If a participating agency has failed to attain its small business participation goal under section 712(a), subsequent contracting opportunities, which are in excess of the reserve thresholds specified pursuant to section 712(b) shall be solicited through a competition restricted to eligible small business concerns pursuant to section 15(a) of the Small Business Act (15 U.S.C. 644(a)) only at those buying activities of the participating agency that failed to attain the small business participation goal required by section 712(a). Upon determining that its contract awards to small business concerns again meet the goals required by section 712(a), a participating agency shall promptly resume the use of unrestricted solicitations pursuant to subsection (a). Such modifications in the participating agency’s solicitation practices shall be made as soon as practicable, but not later than the beginning of the quarter following completion of the review made pursuant to section 712(d) indicating that changes to solicitation practices are required.

“(c) RELATIONSHIP WITH THE COMPETITION IN CONTRACTING ACT OF 1984.—Subsections (a) and (b) shall not be construed to supersede the application of the Competition in Contracting Act of 1984 (98 Stat. 1175) [Pub. L. 98-369, div. B, title VII, see Tables for classification].

“(d) RELATIONSHIP TO OTHER APPLICABLE LAW.—Solicitations for the award of contracts for architectural and engineering services (including surveying and mapping) issued by a Military Department or a Defense agency shall comply with the requirements of subsections (a) and (b) of section 2855 of title 10, United States Code.

“SEC. 714. REPORTING.

“(a) AWARDS OF \$25,000 OR LESS.—During the term of the Small Business Competitiveness Demonstration Program, each award of \$25,000 or less made by a participating agency for the procurement of a service in any of the designated industry categories shall be reported to the Federal Procurement Data Center in the same manner as if the purchase were in excess of \$25,000.

“(b) SUBCONTRACTING ACTIVITY.—

“(1) SIMPLIFIED DATA COLLECTION SYSTEM.—The Administrator for Federal Procurement Policy shall develop and implement a simplified system to collect data on the participation of small business concerns (including small business concerns owned and controlled by socially and economically disadvantaged individuals) as other than prime contractors.

“(2) PARTICIPATING INDUSTRIES.—The system established under paragraph (1) shall be used to collect data regarding contracts for architectural and engineering services (including surveying and mapping). The Administrator for Federal Procurement Policy may expand such system to collect data regarding such other designated industry groups as deemed appropriate.

“(3) PARTICIPATING AGENCIES.—As part of the system established under paragraph (1) data shall be collected from—

“(A) the Environmental Protection Agency;

“(B) the National Aeronautics and Space Administration;

“(C) the United States Army Corps of Engineers (Civil Works); and

“(D) the Department of Energy.

The Administrator for Federal Procurement Policy may require the participation of additional departments or agencies from the list of participating agencies designated in section 718.

“(4) DETERMINING SMALL BUSINESS PARTICIPATION RATES.—The value of other than prime contract awards to small business concerns furnishing architectural and engineering services (including surveying and mapping) or other services in support of such contracts (or other services provided by small business concerns in other designated industry groups as may be designated for participation by the Administrator for Federal Procurement) shall be counted towards determining whether the small business participation goal required by section 712(a) has been attained.

“(5) DURATION.—The system described in subsection (a) shall be established not later than October 1, 1996 (or as soon as practicable thereafter on the first day of a subsequent quarter of fiscal year 1997), and shall terminate on September 30, 1997.

“(c) SIZE AND STATUS OF SMALL BUSINESS CONCERNS.—During the term of the Program, each participating agency shall collect data pertaining to the size of the small business concern and the status of the small business concern (as a small business concern owned and controlled by socially and economically disadvantaged individuals) receiving any award for the procurement of—

“(1) services in each of the designated industry groups; and

“(2) products or services from industry categories selected for participation in the small business participation expansion program, pursuant to section 712(c).

“SEC. 715. TEST PLAN AND POLICY DIRECTION.

“(a) TEST PLAN.—The Administrator for Federal Procurement Policy may further specify the manner and conduct of the test activities required by this title through a test plan issued pursuant to section 15 of the Office of Federal Procurement Policy Act (41 U.S.C. 413).

“(b) POLICY DIRECTION.—The Administrator for Federal Procurement Policy, in cooperation with the Administrator of the Small Business Administration, shall issue a policy directive (which shall be binding on all participating agencies) to ensure consistent Government-wide implementation of this title in the Federal Acquisition Regulation, title 48 of the Code of Federal Regulations, issued pursuant to the Office of Federal Procurement Policy Act [41 U.S.C. 401 et seq.].

“SEC. 716. REPORTS TO CONGRESS.

“(a) IN GENERAL.—Within 180 days after data for each of fiscal years 1991 through 2000 are available from the Federal Procurement Data Center, the Administrator of the Small Business Administration shall report the results of the Small Business Competitiveness Demonstration Program to the Committees on Small Business of the Senate and House of Representatives, to the Committee on Governmental Affairs of the Senate, and to the Committee on Government Reform and Oversight of the House of Representatives [now Committee on Government Reform of House of Representatives]. The views of the Administrator of the Small Business Administration shall be included in the report.

“(b) ANALYSIS OF PROGRAM.—The report shall include a section prepared by the Administrator of the Small Business Administration specifying the cumulative results of the intensive goaling and management program conducted to expand small business participation in agency acquisitions of selected products and services.

“(c) RECOMMENDATIONS.—To the extent the results of the Program demonstrate sufficiently high small business participation based on unrestricted contract competition in the designated industry groups, the report to be submitted during calendar year 1997 shall include recommendations (if appropriate) for changes in legislation or modifications of procurement regulations aimed at increasing reliance on unrestricted competition if high rates of small business participation in the Federal procurement market can be maintained.

“SEC. 717. DESIGNATED INDUSTRY GROUPS.

“(a) IN GENERAL.—For the purposes of participation in this Program, the designated industry groups are—

“(1) construction (excluding dredging);

“(2) refuse systems and related services;

“(3) architectural and engineering services (including surveying and mapping); and

“(4) non-nuclear ship repair.

“(b) CONSTRUCTION.—Construction shall include contract awards assigned one of the standard industrial classification codes or North American Industrial Classification Codes that comprise—

“(1) Major Group 15 (Building Construction—General Contractors and Operative Builders),

“(2) Major Group 16 (Heavy Construction Other Than Building Construction—Contractors) (excluding dredging); [, and]

“(3) Major Group 17 (Construction—Special Trade Contractors).

“(c) REFUSE.—Refuse systems and related services shall include contract awards assigned to standard industrial classification code or North American Industrial Classification Code 4212 or 4953.

“(d) ARCHITECTURAL AND ENGINEERING.—Architectural and engineering services (including surveying and mapping) shall include contract awards assigned to standard industrial classification code or North American Industrial Classification Code 7389 (if identified as pertaining to mapping services), 8711, 8712, or 8713, and such contract was awarded under the qualification-based selection procedures required by title IX of the Federal Property and Administrative Services Act of 1949 (40 U.S.C. 541 et seq.)

“(e) ALTERNATIVE DATA.—In the event that standard industrial classification codes or North American Industrial Classification Codes are not assigned to individual contract awards reported to the Federal Procurement Data Center by January 1, 1989, the Program may be conducted on the basis of the product and service codes used to report data pertaining to such contract awards, related to the maximum practicable extent to the standard industrial classification code or North American Industrial Classification Code for the service being provided by the contractor.

“(a) ESTABLISHMENT.—Subject to the requirements of subsection (b), of the total dollar amount of contracts for each standard industrial classification code for clothing and textiles awarded by the Defense Logistics Agency for each of the fiscal years 1989, 1990, and 1991:

“(1) To the maximum extent practicable, 50 percent shall not be restricted by the size status of the competing business concerns.

“(2) To the maximum extent practicable, 50 percent shall be made available for award pursuant to—

“(A) section 8(a) of the Small Business Act (15 U.S.C. 637(a));

“(B) section 2323 of title 10, United States Code; and

“(C) section 15(a) of the Small Business Act (15 U.S.C. 644(a)), if the criteria for such awards are met pursuant to part 19.5 (Set-Asides for Small Business) of title 48, Code of Federal Regulations, as in effect on September 1, 1988.

“(b) COMPUTATION.—In order to calculate the percent limitation established pursuant to subsection (a), the Department may establish, after consultation with the Small Business Administration, major groupings of standard industrial classification codes that are closely related and apply such limitations to such groupings.

“(c) PROGRAM TERM.—The Program shall commence on January 1, 1989, and terminate on September 30, 1996.

“(d) REPORT.—The Secretary of Defense shall issue reports to the Congress on the operations of the program established pursuant to this section. Such reports shall detail the effects of the program on the mobilization base and on small business concerns and small business concerns owned and controlled by socially and economically disadvantaged individuals. Interim reports shall be submitted every 6 months during the term of the program to the Committees on Armed Services and Small Business of the House of Representatives and the Senate.

“SEC. 722. EXPANDING SMALL BUSINESS PARTICIPATION IN DREDGING.

“(a) ESTABLISHMENT.—The Secretary of the Army (hereafter in this section referred to as the ‘Secretary’) shall conduct a program to expand the participation of small business concerns and emerging small business concerns in contracting opportunities for dredging solicited on or after January 1, 1989, commencing on October 1, 1989.

“(b) ENHANCED GOALS.—Of the aggregate value of all suitable contracts for dredging, the Department of the Army (hereafter in this section referred to as the ‘Department’) shall make every reasonable effort to award to small business concerns:

“(1) 20 percent during fiscal year 1989, including 5 percent of the total dollar value of contracts which is reserved for emerging small business concerns;

“(2) 25 percent during fiscal year 1990, including 7.5 percent of the total dollar value of contracts which is reserved for emerging small business concerns;

“(3) 30 percent during fiscal year 1991, including 10 percent of the total dollar value of contracts which is reserved for emerging small business concerns;

“(4) 30 percent during fiscal year 1992, including 10 percent of the total dollar value of contracts which is reserved for emerging small business concerns; and

“(5) not less than 20 percent during fiscal year 1993, and each subsequent year during the term of the program, including not less than 5 percent of the dollar value of suitable contracts that shall be reserved for emerging small business concerns.

The total value of contracts to be performed exclusively through the use of so-called dustpan dredges or seagoing hopper dredges is deemed to be generally unsuitable for performance by small business concerns and is to be excluded in calculating whether the rates of small business participation specified in subsection (b) have been attained.

“(c) CONTRACT AWARD PROCEDURES.—(1) Except as provided in paragraphs (3) and (4), the Department shall solicit and award contracts for dredging through full and open competition in conformity with section 2304 of title 10, United States Code, section 15 of the Small Business Act (15 U.S.C. 644), and the implementing procurement regulations promulgated in conformity with section 6 of the Office of Federal Procurement Policy Act (41 U.S.C. 405). Nothing herein shall impair the award of contracts pursuant to section 8(a) of the Small Business Act (15 U.S.C. 637(a)) or section 2323 of title 10, United States Code.

“(2) Prior to making a determination to restrict a solicitation for the performance of a dredging contract for exclusive competition among 2 or more eligible small business concerns in accordance with section 19.5 of the Governmentwide Federal Procurement Regulation (48 C.F.R. 19.5, or any successor thereto), the contracting officer shall make a determination that each anticipated offeror is a responsible source (as defined under section 4(7) of the Office of Federal Procurement Policy Act (41 U.S.C. 403(7)) and has (or can demonstrate the capability to obtain) the specialized dredging equipment deemed necessary to perform the work to be required in accordance with the schedule to be specified in the solicitation.

“(3) Contracting opportunities for dredging shall be reserved for competition among emerging small business concerns if their estimated award value is below an amount to be specified by the Administrator for Federal Procurement Policy (hereafter in this section referred to as the ‘Administrator’), upon the recommendation of the Secretary. Such reserve amount shall be established by the Administrator at the start of the program at a level which can reasonably be expected to result in the Department attaining the applicable participation goal for emerging small business concerns. Such reserve threshold shall be reviewed by the Secretary and adjusted by the Administrator to the extent necessary on a semiannual basis beginning after the end of the second quarter of fiscal year 1989 on the basis of the aggregate of contract awards for the four fiscal year quarters preceding the date of the review.

“(4) The Secretary shall restrict for competition among all eligible small business concerns such additional contracting opportunities for dredging in such numbers and at such estimated award values as can reasonably be expected to result in the Department exceeding the applicable participation goal for small business concerns generally.

“(d) ACQUISITION STRATEGIES TO FOSTER SMALL BUSINESS PARTICIPATION.—(1) In attaining the goals for participation by small business concerns and emerging small business concerns, the Secretary is encouraged to:

“(A) specify contract requirements and contractual terms and conditions that are conducive to competition by small business concerns and emerging small business concerns, consistent with the mission or program requirements of the Department;

“(B) foster joint ventures, teaming agreements, and other similar arrangements, which permit small business concerns to effectively compete for contract opportunities for which an individual firm would lack the requisite capacity or capability needed to establish responsibility for the award of a contract; and

“(C) foster subcontracting through plans negotiated and enforced pursuant to section 8(d) of the Small

Business Act (15 U.S.C. 637(d)) or solicitation requirements specifying minimum percentages of subcontracting for the purpose of determining the responsiveness of an offer.

“(2) During the term of the program, data shall be collected pertaining to the actual size of the firm receiving an award as a small business concern or an emerging small business concern.

“(e) SIZE STANDARD.—For the purposes of the program established by subsection (a), the size standard pertaining to standard industrial classification code 1629 (Dredging and Surface Cleanup Activities) in effect on October 1, 1988 shall remain in effect until September 30, 1990.

“(f) REPORTS.—

“(1) The Secretary shall furnish a report to the Committees on Small Business of the Senate and House of Representatives, the Administrator of the Small Business Administration, and the Administrator for Federal Procurement Policy within 120 days after September 30, 1995, regarding compliance with this section.

“(2) Interim reports shall be submitted annually within 90 days after the close of each fiscal year during the term of the program established under subsection (a). The Secretary may include recommendations regarding adjustments to the Department's participation goals for small business concerns and emerging small business concerns and to the applicable size standard, if the Secretary determines that such goals cannot reasonably be attained from the pool of firms meeting the current size standard.”

The report shall be transmitted to the Committees on Small Business of the Senate and the House of Representatives.”

approved June 25, 1938 (41 U.S.C. 46). The task force shall meet at least once every six months for the purpose of reviewing the award of contracts under section 15(c) of the Small Business Act [15 U.S.C. 644(c)] and recommending to the Small Business Administration such administrative or statutory changes as it deems appropriate.”

“(C) such other information as the Administrator may deem appropriate.

“(2) Within 180 days following the submission of the second annual report to Congress by the Administrator, the Comptroller General shall report to the Congress an evaluation of the Administration's adherence to the standards jointly established and the accuracy of the information the Administration has submitted to the Congress.”

DELEGATION OF AUTHORITY TO ESTABLISH ANNUAL GOALS FOR PARTICIPATION OF SMALL BUSINESS CONCERNS IN PROCUREMENT CONTRACTS

Memorandum of the President of the United States, June 6, 1990, 55 F.R. 27453-27455, provided:

Memorandum for the Director of the Office of Management and Budget

By the authority vested in me as President by the Constitution and laws of the United States, including section 15(g) of the Small Business Act, as amended [subsec. (g) of this section], and section 301 of Title 3 of the United States Code, I hereby delegate to the Director of the Office of Management and Budget the authority vested in the President to establish the annual goals required by Section 502 of the Business Opportunity Development Reform Act of 1988 (P.L. 100-656) [amending this section].

CONTINUED COMMITMENT TO SMALL, SMALL DISADVANTAGED, AND SMALL WOMEN-OWNED BUSINESSES IN FEDERAL PROCUREMENT

Memorandum of President of the United States, Oct. 13, 1994, 59 F.R. 52397, provided:

Memorandum for the Heads of Executive Departments and Agencies [and] the President's Management Council

It is the policy of the Federal Government that a fair proportion of its contracts be placed with small, small disadvantaged, and small women-owned businesses. Such businesses should also have the maximum practicable opportunity to participate as subcontractors in contracts awarded by the Federal Government consistent with efficient contract performance. I am committed to the continuation of this policy. Therefore, I ask that you encourage the use of various tools, including set-asides, price preferences, and section 8(a) of the Small Business Act (15 U.S.C. 637(a)), as necessary to achieve this policy objective.

The Federal Acquisition Streamlining Act of 1994 [Pub. L. 103-355, see Short title of 1994 Amendment note

set out under section 251 of Title 41, Public Contracts] authorizes civilian agencies to utilize set-aside procurements for small disadvantaged businesses. The Act also, for the first time, establishes goals for contracting with small women-owned businesses. These provisions, along with others in the Act, will provide greater access to Federal Government business opportunities for small, small disadvantaged, and small women-owned businesses. Department and agency heads should ensure that efforts to streamline acquisition procedures encourage the participation of these businesses in Federal procurements.

This memorandum shall be published in the Federal Register.

WILLIAM J. CLINTON.
